City Collector's Office Created

A new office of City Collector was established by the Granite City council Monday night in a move to collect a large amount of delinquent city license and permit fees and to centralize all license and permit collection activities now handled by City Clerk Robert Stevens.

The office was established by ordinance under a state law permitting cities to name a city collector for the specific job of collecting fees on business licenses, permits for vending machines, distributors' licenses and similar fee operations.

The ordinance named Stevens as the new city collector, but Mayor Donald Partney explained that adoption of the ordinance under state law will permit the city clerk to use 2% of all fees collected to employ a deputy collector to handle the work.

The ordinance does not provide any funds for the city collector's office except the 2% commission provided under city state statutes.

Fees Delinquent
Passage of the bill creating the office was urged by Mayor Partney who told the council

that a large amount of delinquent fees is on hand and that special efforts should be made to collect these fees and see that fee payments are kept current.

Partney said that he had collected some of the delinquent fees, but that the job is extensive enough to require the attention of a full-time officer. Partney said a check is being made to determine the total amount of delinquent fees.

The council Monday night also approved negotiation of new indemnity insurance coverage for members of the Granite City police department under which the city will have to pay three times the premium it had been paying in the past.

Alderman Paul Schuler reported that the only coverage offered the city was received from J. M. Henderson of the Lueders Agency, Lloyd's of London would handle the coverage at a cost of \$75 per member.

Schuler pointed out that 41 members on the police force, the premium cost would be \$3075 per year, or about three

Gala Times Planned At Two-Day Fun Fair

Celebrities, circus rides, "live" entertainment, free souvenirs, plus fun and games for all ages and tastes, will make this weekend's "Gala Fun Fair" an unforgettable experience, organizers of the Tri-Cities United Fund's gala kick-off event promised today.

The area's second annual "Fun Fair" will be staged from 10 a.m. to 6 p.m. Saturday and Sunday at the Wilson Park pavilion. Several hundred persons attended the Fun Fair in its initial season last autumn.

Close to 50 booths prepared by UP agencies and non-agency groups will offer entertainment, attractions, as well as practical items for sale to the public. Information on services by UP-sponsored agencies will be available at various booths.

Baseball Cardinals' Dal Maxvill and Charles Peters, television personality, will headline a "Celebrity Booth," it was announced today by Leo H. Konzan and Carl Mathias, Fun Fair co-chairmen.

The Cardinal shortstop will greet Fun Fair patrons at the booth from 7 to 8 p.m. Saturday.

day, with Miss Peters appearing Sunday from 3 to 4 p.m.

Varied rides will be operated and a children's matinee is set for noon to 4 p.m. Saturday when rides will be reduced to 20 cents.

The entertainment schedule ranges from performances by the Shrine Oriental Band to barbershop harmony and colorful production sequences presented by Checkerboard Squares and Mexican dancers.

Others who will man the "celebrity booth" with Miss Peters and Maxvill, include Saturday: Sheriff George Musso, 1 to 2 p.m.; Miss Eulalia Hotz, county clerk, 2 to 3 p.m.; County Treasurer John Maeras, 3 to 4 p.m.; State Sen. Merrill Ottwin, 5 to 6 p.m. and Rep. Sam Vadala, 6 to 9 p.m.

Sunday: Shirley Palmer, Miss Pontoon Beach, 1 to 2 p.m.; Ruth Ann Dink, Miss Granite City, 2 to 3 p.m.

GC School Tax Levy Up \$91,714

A tax levy totaling \$7,128,714, an increase of \$91,714 over that of last year, was adopted by the Granite City board of education for the 1970-71 school year at its regular meeting Monday night.

At the same time, the board adopted the annual budget of \$20,483,816, an increase of \$1,346,623 over last year. The budget remained unchanged from the tentative budget announced a month ago. During a public hearing held before adoption of the budget the board and administration were cautioned to use efficiency in operations.

Major increases in the levies came in transportation and retirement funds appropriated in the budget. A transportation levy of \$242,820 was set, compared to \$171,200 last year, as the district now is required by state statute to buy kindergarten pupils during the noon hour.

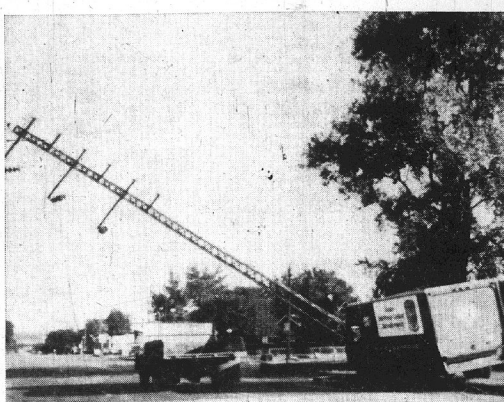

The levy for the Illinois Municipal Retirement Fund was set at \$229,211, compared to \$202,885 last year, and reflects additional personnel.

Operates 20 Schools
The district operates 20 school buildings, an administrative office and a warehouse and has a total enrollment of 14,850 and a professional staff of 719.

Individual levies for this year, with last year's figures in parenthesis, include education, \$4,552,875 (\$4,343,860); building, \$758,813 (\$727,850); bonds and

River Festival Goes Over The Top: \$989 Surplus

The 1970 Mississippi River Festival was a financial as well as artistic success, John L. Gillis, Festival president, told the board of directors at a noon meeting Tuesday.

Peter Pastreich, managing director of the Festival, said an unofficial audit of the season showed a surplus of \$989.

The 1970 Festival, sponsored by Mississippi River Festival, Inc., was underwritten by a contribution of \$75,000 from Southern Illinois University and by public contributions totaling \$85,652 given by Festival supporters throughout the metropolitan area.

Pastreich said planning is under way for a 1971 season.

This year's Festival drew 118,440 patrons to 30 symphonic, pop, rock and folk concerts at the MRF tent on the Edwardsville campus. Attendance rose 33.7 per cent over the premier season last year.

Gross box office receipts for the 1970 season were \$268,492, compared to \$201,475 for 1969.

Financial support for the 1970 Festival included \$20,000 from the St. Louis Symphony Society.

Gillis praised the extensive state support given to the 1970 Festival as "an example of how all segments of the St. Louis metropolitan community can work together for area benefit."

Airport Board To Meet Monday

The first meeting of the St. Louis Metropolitan Area Airport Authority named by Illinois Governor Richard B. Ogilvie will be held Monday at 8 p.m. in the Holiday Inn at Sunset Hill.

Howard Kuseberg, of Granite City, a member of the commission, said topics scheduled for discussion will include the location of an office. Chairman Robert B. Lamkin and Southern Illinois University-Southwestern campus has donated space for a temporary office.

Kuseberg said interviews also are being conducted for selection of a director to handle the authority's business. By-laws are expected to be adopted in Monday's session, which will be open to the public.

Madison Delays Final Vote on Tavern Bill

Madison city aldermen placed on first reading an ordinance restricting Madison tavern hours to 1 a.m. closing on Monday through Friday and 2 a.m. on Saturday and Sunday, in action initiated at the city council meeting Tuesday night.

None of the aldermen sought to suspend the rules and force an immediate final passage vote on the controversial issue. Although several council members indicated a vote will be taken at the council's next session, Oct. 13, a vote could be delayed until the Oct. 27 meeting.

The proposed tavern closing hours ordinance was introduced by Alderman Stanley Krakowiak Tuesday night at a "typographical error" had occurred in its committee's formal recommendation read at the previous session. That version sought to close the taverns at 1 a.m. Sunday through Friday, with a single 2 a.m. closing hour on Saturday nights.

Two service stations and several homes were out of electric service temporarily. Traffic was rerouted from the area by Madison and Venice police.

SIU-SW Halts Enrollment

Southern Illinois University-Southwestern campus halted fall quarter registration at 10 a.m. Tuesday as a result of the previously announced maximum limit of 13,700 students.

The 13,700 enrollment limit was established by the Board of Trustees as the maximum that could be accommodated in existing classroom facilities.

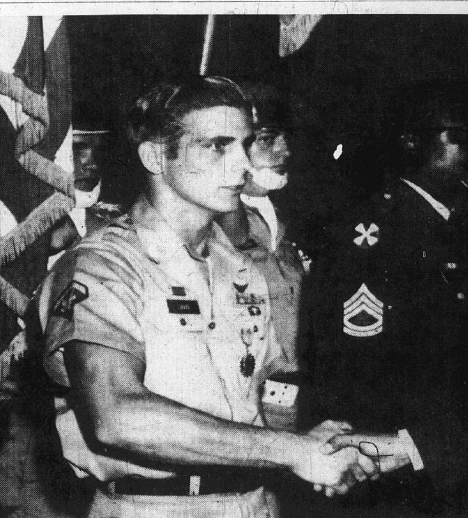

Dr. John S. Rendleman, Edwardsville chancellor, said more than 1000 scheduled classes had reached their maximum enrollment.

The 13,700 figure is an increase of 1550 students over the fall quarter 1969. Although an official count was possible, the registrar's office estimated 200 to 300 students were unable to register because of the space limitation.

The cutoff of enrollment is the first in the history of the Edwardsville campus.

Dashwood joined the company in 1968 as general manager of production at the Miles plant in Birdgend, Wales. He joined the Elkhart headquarters in 1962 as director of manufacturing and development of the former International Division and later was named executive vice-president of that division.

State to Begin Land Appraisals For Lake Park

The Illinois Conservation Department will begin making appraisals of property for the proposed Horseshoe Lake State Park by the third week of October, property owners were told at a special meeting Tuesday evening at the Horseshoe Bend Volunteer fire department.

Dan Malkovich, acting conservation director, said the appraisals should be completed within a year or a year and a half at most.

Robert Corrigan, chief of the department's land acquisition division, said the state will begin making offers to landowners by Nov. 1.

He added that 95% of the land title work and 85% of the land plat work has been completed. The two displayed a map showing affected areas to more than 100 persons attending the two-hour session. It included areas along Bend road, the Alton & Southern Railroad right-of-way, and Routes 111 and 162.

Corrigan said the state will obtain two appraisals on each property, and that if owners are unsatisfied with them, they may obtain an appraisal on their own and submit it to the state for consideration. Property and improvements will be based on replacement costs less depreciation.

He invited persons with questions regarding land acquisition to contact him at 102 State Office Building, Springfield, Ill., 62704.

Corrigan said if an owner sells his property to the state, at least arrangements could be made with the state to remain on the property for about a year.

Malkovich told the group the departments hope to develop the land for as many recreation and conservation uses as possible.

Legal Society Shifts Offices, Areas Served

The Madison County Legal Service Society, a group which provides legal service to those in need who cannot afford payment, this week announced a shift in areas served by each office. The change was made necessary by the permanent closing of the Edwardsville office yesterday.

The main office is now in Alton at West Third street, the announcement said.

The Madison office will continue at 345 Madison avenue, Madison. It serves 10 townships and areas. They are, Chouteau township as far North as the Cahokia diversion channel; Normalville, Granite City, Collinsville, Joplin, Marine, Maple, St. Jacob and Helleville. After Nov. 1, the Madison office will move to 406 Madison avenue, Madison.

The new Alton office will serve 15 townships. These are Alton, Wood River, increasing Bethalto, East Alton, Roxana, South Roxana and Wood River. Godfrey, Foster, Moro, O'Fallon, including Warden; Office, including Livingston and Wilmarion; New Douglas, Fox Russell, Home, Alhambra, Lee, Edwardsville, Pin Oak and Chouteau south to the Cahokia Diversion Channel. The announcement of the new plan was made by Clayton R. Williams, program director of the Legal Service Society.

Rotary Hears Of Drug Misuse Here

"Dope is being sold to our junior high school through college age students in this country," Demos Nicholas, chief investigator of the Madison county sheriff's office, told members of the Granite City Rotary Club at their regular luncheon meeting Tuesday at the YMCA.

Nicholas discussed drugs and prostitution in the county and said that the two were apparently related more than most people realize. He said that the latest problem the sheriff's office has encountered in this area is grade school children sniffing gasoline fumes to "get high."

"The main danger in all this is that people become too complacent about the danger," he said. Nicholas urged all adults and young people to become aware of the problems drugs are causing and to find out how they can help lessen the problem.

Next week a movie "Con-Con: A Dialogue," made by Illinois Bell Telephone Co. and sponsored by the Public Information Committee of the state, will be shown. The film describes the procedures used in deciding vital issues in the Con-Con convention.

'People vs. the Millionaires' -- Stevenson

Following are excerpts from a speech by State Treasurer Adlai E. Stevenson III, Democratic candidate for United States Senator, before the Illinois State Federation of Labor and Congress of Industrial Organization Annual Convention in Peoria.

"We learned a lesson in 1968, and I hope we learned it well—that, as Ed Muskie put it the other night, we Democrats and our friends must pull together in old-fashioned unity and we have to start doing it early in the campaign and not late."

"This is a tough election. Make no mistake about it—the Republicans are making an all-out effort to win the Senate seat from Illinois. They're sending in a whole crew of Senators, and Congressmen and Cabinet officials. They're filling the television channels with expensive and slanderous commercials. They're pouring millions of dollars into this campaign. One millionaire boasted he would personally spend a million dollars. They're doing it because they want to capture the Congress—the last stronghold of progressive thought and action in this country. They already have the presidency, and they're reaching for the Supreme Court."

"Well, they're not going to get away with it. We haven't got the millionaires but we've got the people. The Republicans can't beat us—only our own over-confidence can. I want to urge you: don't pay any attention to the early polls and commentators that say we're far ahead. Instead, if you want a man who's on the working man's side in the U. S. Senate, help us to register the people and help us get them to the polls. We can win this election—and we will if we work hard, and together."

Prenatal Classes at Hospital Underway

All prospective parents are invited to attend the Fall sessions of the prenatal instruction classes offered by the St. Elizabeth Hospital.

The first series began Monday evening, Sept. 14. The five consecutive classes are held each Monday at 7:30 p.m. in the Wiesman Room of the hospital, located near the Chapel on the first floor.

The second series of five classes will begin on Monday at 7:30 p.m., Oct. 26, and will be held in the Wiesman Room. Classes are free of charge. Further information is available by calling 876-2020, extension 314, 8 a.m. to 4 p.m. weekdays.

The Spring Series will begin March 1, 1971.

Hearings on Lobbying Rescheduled at Washington

Previously postponed hearings on lobbying practices have been rescheduled at Washington by the House Committee on Standards of Official Conduct for today and on Oct. 7 and 8, Cong. Melvin Price (D-St. Louis) chairman of the committee has announced.

The committee was directed by the House, in a resolution adopted a few weeks ago, to study the need for new legislation to improve controls over lobbying activities and campaign finances. After considering the directive, the committee concluded that the two subjects, while related, should be treated in separate hearings and decided to deal first with lobbying.

"Under President Kennedy and President Johnson, the country enjoyed 96 straight months of prosperity and economic growth."

"That meant that under the Democrats, employment was full, productivity was high, overtime was high, and the national economy was moving steadily ahead."

"But since the Republican Administration took over, everything that should be up went down, and everything that should be down went up."

"Unemployment is up. Interest rates are up. The cost of living is up. Layoffs are up."

"Taxes are up—especially in Illinois because of the Ogilvie-Smith income tax."

"And overtime is down, paychecks are down and the working man's spendable income is down."

"And what a \$10 bill will buy in the grocery store is way down."

"Let me put it another way: Since President Nixon took office 19 months ago, consumer prices have soared 11.6 percent and the real value of the dollar has declined almost 12 cents."

"Business is operating far below capacity and small employers in Illinois are in serious trouble."

"Economic growth is at a standstill. Unemployment has risen to more than 5 percent of the labor force. Percentages don't buy groceries or finance houses or educate children. That 5 percent means that 4,510,000 men and women who want to work and are able to work cannot find jobs. And for many workers the situation is far worse than that—in the construction industry, the unemployment rate is 7.7 percent; and among you black workers the unemployment rate is actually about 10 percent. Welfare rolls are up by 125,000 in Illinois alone since Nixon and Ogilvie took office."

"When John F. Kennedy took office, unemployment stood at 7 percent. When President Nixon took office—after eight years of Democratic management of the economy—the unemployment rate was 5.3 percent and going up."

"Interest rates have risen to the highest point in more than 100 years. And this hurts every man and woman in the country. The rate was cut to 7 1/2 percent—for the best credit risks. It won't be cut for the average man for some time to come. Today in America only a rich man can afford to buy a new home. Housing starts during the first half of 1970 were down 23 percent under the first half of 1969. And housing starts for first half of 1969 were down 19 percent under the first half of 1968, the last Democratic year. In Chicago, starts on single family dwellings during the first half of 1970 were down 55 percent under the first half of 1969."

"Today, thanks to inflation, the average house costs \$27,000—and if a man can find some body who will loan him money at all—at 8 1/2 percent interest—his house will end up costing him more than \$50,000. State, local and federal governments are caught in the same squeeze, and so the hospitals, roads, and schools we need are simply not being built—and the jobs they would create do not exist."

"We have already had, on Wall Street, the Nixon market. Now we have the Nixon auto strike. Working men and women won't accept settlements to day that are eaten up by inflation tomorrow. There will be more strikes no one wants unless, this inflation is controlled."

"The Administration has turned its back on the hard but equitable solutions—moderate fiscal and monetary policies, firm action to hold back price increases, and rigorous elimination of waste in federal spending."

"It's given us 'inflation alerts.' It's trying to fight inflation by throwing people out of work and by vetoing legislation for hospitals and schools. At the same time it is pouring billions into subsidies for big corporations, luxury airplanes for transoceanic travelers, and unnecessary or unworkable military hardware. It is protecting the economic interests of the wealthy few—at the expense of the working millions."

"There are other issues in this campaign, issues such as the war in Indochina, the need to reduce military spending without weakening our defenses, the need to solve the difficult problems of foreign policy, the need to crack down on those who poison the environment, the need to bridge the gap between the races and the gap between the generations and to put this country back together again. And the Administration is failing on all of these, too. And worse than that, its peddlers of hate and fear are not helping to move us forward; they are driving us apart."

"Those who turn to violence—the bombers, the snipers, the burglars and thieves, whether on the campus or off—are criminals who must be prosecuted. The politicians who pander to fear and hate don't end the violence. They don't end crime with their hot air. It takes work. In one term in the Legislature I wrote and helped enact into law more anti-crime legislation than my opponent has thought of in his whole political career. He goes about the state as if he was running for sheriff—crying out that the law against bombers should be enforced. Of course it should be. It's a tough law—and I know because I wrote it."

"They talk of economy in government. Well, he and Governor Ogilvie gave us the income tax and then increased state spending 100 percent. And now the money is piling up in the Treasury, just as I predicted. I've cut my budget every year in office, and no Republican can make that claim. What this country needs is less hot air from Republicans and more of the results of the hard work from Democrats."

"Well, they're not going to get away with it. We haven't got the millionaires but we've got the people. The Republicans can't beat us—only our own over-confidence can. I want to urge you: don't pay any attention to the early polls and commentators that say we're far ahead. Instead, if you want a man who's on the working man's side in the U. S. Senate, help us to register the people and help us get them to the polls. We can win this election—and we will if we work hard, and together."

"Well, they're not going to get away with it. We haven't got the millionaires but we've got the people. The Republicans can't beat us—only our own over-confidence can. I want to urge you: don't pay any attention to the early polls and commentators that say we're far ahead. Instead, if you want a man who's on the working man's side in the U. S. Senate, help us to register the people and help us get them to the polls. We can win this election—and we will if we work hard, and together."

Gun Club Plans Sight-in Saturday and Sunday

The John Marshall Gun Club will hold a sight-in for slug guns and high powered rifles, Saturday and Sunday, from 10 a.m. to 4 p.m., at the club grounds on Highway 162 and East 23rd street, it was announced today by Robert Carroll, range officer.

Offered as a public service to all sportsmen, the club extends an invitation to the general public to bring their guns and be sure of their condition before going into the field. Range officers will be present both days to assist the hunters.

Man Beaten, Hurt

Walter Creek, 1400 Edwardsville road, waiting for a taxi cab at East 20th street and Madison avenue, was beaten by a man with a black jack and threatened by a woman who stuck a gun to his face, it was reported at 7:20 p.m. Wednesday. He suffered cuts, bruises and a lip injury. He left St. Elizabeth Hospital without treatment. No charges were filed.

Marijuana Charge

Venice police charged Carl West, 618 South Second street, Brooklyn, with possession of marijuana after he was arrested along the Terminal Railroad tracks behind Lincoln school in Venice at 1:20 p.m. Wednesday. West was collecting marijuana growing wild along the railroad tracks and was carrying a bag of marijuana when arrested, police said.

Price to Present Flag, Pole to St. Mark School

U. S. Rep. Melvin Price will present a new flag pole and American flag to St. Mark's school in public dedication ceremonies at 12:30 p.m. Sunday at the school.

The flag is one which has flown over the U. S. Congress in Washington, D. C.

A complete base for the pole will contain a bronze plaque containing the inscription: "1970 In memory of our parishioners who have served our country in the Armed Forces. May we never forget what these few have done for us."

Following the talk, Price will present the flag to William Sheehan and Dan McGee, trustees of the church, and they will present it to the drill team of Venice-Madison American Legion Post 307 for the flag raising.

A. Andy Spori of St. Louis, national American Legion, will play the call, the Venice school band will play the National Anthem, and the program will close with prayer led by Rev. Terry Shee, St. Mark's pastor.

Rev. Mattingly will bless the flag. Others on hand will include representative of area veterans organization, Boy and Girl Scouts and the fourth degree assembly of Tri-City Council 108 of the Knights of Columbus.

Low Bids of \$1.02 Million Offered for New GC School

Low base bids totaling \$1,023,271 for construction of a new elementary school for the Granite City school district were opened at a meeting of the board of education Tuesday night.

The bids were taken under advisement and contracts will be awarded at the Oct. 12 board meeting following a study of alternate proposals. The school will be located on the Schaefer tract on Old Alton road.

It will have a capacity of 750 pupils from the kindergarten through the sixth grade. Included will be 26 academic classrooms and special areas as special education rooms and a cafeteria.

The school will have a pod shape designed for team teaching with interior classrooms large enough to allow for interior walls and the furniture will be movable. The school will be air conditioned.

Bids Near Estimate

The low base bids were just above the revised estimate of \$1,027,200 made in July, 1969. With additional income from invested bond issue funds, further revisions are being considered, a school spokesman said.

Submitting the low base bids were W. R. Schiller Co., Collinsville, general contract, \$618,950; France Plumbing & Heating Co., Edwardsville, heating, ventilating and air conditioning, \$204,910; Carl Electric Co., East St. Louis, electrical work, \$95,911; and Grove Plumbing Co., plumbing, \$101,500.

Other general contractors and their base bids were E. S. Edwards Co., Alton, \$745,680; C. H. Sternberg & Co., \$654,117; L. Wolf Co., \$425,000; and M. H. Wolfe Co., \$680,000.

Other bids for heating were submitted by Granite Sheet Metal Co., \$236,628; Triang Co., Heating & Air Conditioning, \$216,725; and Westchester Sheet Metal Co., East St. Louis, \$213,325.

Electrical bids also were submitted by Dron Electric Co., \$80,637; Friedman Electric Co., Belleville, \$103,732; Fritz Electric Co., Mascoutah, \$96,749; Lowery Electric Co., East St. Louis, \$104,675; and Rite Electric Co., \$104,857. One other plumbing bid was received from Misco Plumbing & Heating Co., \$140,322.

Other Board Action

In other action the board: Authorized Mrs. Patricia Veach, 2465 St. Clair avenue, as secretary to the athletic director and as assistant secretary in the personnel department. Granted leaves of absence to Ila Maxton, special education teacher, and Elmer Miller, custodian at Washington school, and accepted the resignation of Daniel Monroe, a custodian at the Nameoki grade school.

Approved Graham's Book-

store as the supplier for book supplies and Moore Research, Inc. for mop oil at 89 cents a gallon.

Authorized application for reimbursement of \$1355 for adult driver education for the semester. \$1000 from the state for a special education teacher and a letter of intent to participate in the federal Title II program for acquisition of library materials.

To Attend Meetings

Authorized two administrators to attend a meeting Feb. 19-24 at Atlantic City, N. J.; Miss Leigh Heller to attend a physical health leadership conference Oct. 9-10 at Pokagon, Ind.; and Mrs. Sandra Sowell to attend a regional meeting of the National Association for Gifted Children Oct. 23-24.

Approved a request by the Cahokia Mound Boy Scout Council to send interest survey cards to all male students in grades 6-12 to determine particular interests in forming Explorer posts.

Accepted gifts of 100 trees from the Gardenaire Garden Club, with 24 to be planted this year, to celebrate the 100th anniversary of Arbor Day; carpentering for the new oral-deaf classroom at Lake school by the Bi-County Parents Group for the Oral Deaf; and a transparency-maker and copier by the student council and school newspaper at Coolidge Junior high school.

Approved special demonstration days at the Service and Demonstration center from 8:30 to 11 a.m. Oct. 27 and 29 with programs on an invitational basis.

Plan Car Wash

Sigma Rho, a YMCA organization, will hold car washes at Branding's Service Station, Wash-bash avenue and Johnson road, and at the D & J Service Station, 20th and Madison avenue, Saturday from 9 a.m. until 5 p.m. The price will be \$1.50.

20th-Madison Accident

Autos driven by Frank Lepping, St. Louis, and Allyn Holde, Millboro, Mo., were involved in an accident at 11:15 a.m. Tuesday at 20th street and Madison avenue. Lepping was issued a traffic signal violation ticket.

Storage Shed Burns

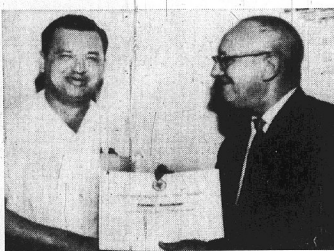

A storage shed at 12th street and Alton road, Madison, was damaged by fire about 8:10 p.m. Tuesday. Cause of the blaze was undetermined.

Drainage Board May Abandon Easements

Possible abandonment of easements now under the control of the Chouteau-Namoki-Yentice Drainage District will be discussed by the district board in a special public meeting at 4 p.m. Saturday at Funer-Sun.

Land located west of Highway 3 may be offered at public sale if proposals now under discussion are approved. Part of the easements now owned by the Illinois Power Co. will revert back to the company if abandoned by the district. Representatives of Illinois Power Co. will attend the meeting to answer all questions concerning the land.

A possible rate increase will be discussed after a proposed budget is presented.

AWARD WINNER. Ted Kamadulski (left), 1828 Second street, Madison, Engineer Equipment inspector at the Granite City Army Depot, is presented a \$1000 suggestion award at the Depot by A. Copeland, Director of DIRMA. His suggestion of the removal of rails on 175-millimeter and 8-inch gun tubes will insure a considerable annual savings to the government.

\$250 Damage in Fire At Home on Meridian

Council Nullifies Iowa Street Vacation

A move to vacate Iowa street between Niedringhaus avenue and 21st street, which was declared passed by city council action earlier this month, was set aside Monday night under a legal ruling by City Attorney Les Scroggins.

The action renewed a dispute between two city council factions over a request by St. Elizabeth Hospital that the street be vacated to facilitate access to parking areas and because emergency entrances to the new hospital addition will front on Iowa street.

Scroggins, pressed for a ruling by several aldermen in Monday night's meeting told the council that the street vacation required in majority vote of three-fourths of the council membership. The council now consists of 15 aldermen, due to the resignation several months ago of former Alderman Earl Jarrett.

A motion to vacate the street therefore would require 11 2/3 votes, or a minimum favorable vote of 12 council members. The motion to vacate the street presented in the Sept. 8 meeting of the council received 11 votes.

Scroggins said that Mayor Donald Partney who is allowed to vote in instances where his vote finally decides an issue.

Mayor Supported Move

Partney has been a strong supporter of the move to vacate the street. When the eleven votes were cast in the Sept. 8 meeting, the mayor declared the motion passed.

Legality of the action was raised later by Alderman Gerald Parmlay who insisted of a correction on the Sept. 8 minutes to read that the motion was lost, but Partney maintained this meant nothing and continued to hold the street vacated.

Alderman Sam Whitmer brought up the issue Monday night when he asked Scroggins to rule on the status of the vacation motion. Scroggins then explained the City Code requires a three-fourths vote.

Partney pointed out that Scroggins ruling means the motion presented in the Sept. 8 meeting had lost by one-quarter of a vote.

"That is just a technicality," he said.

Bringing in Petition

The action came shortly before Alderman William Dallas presented a petition bearing 200 signatures of residents asking parking limitations on streets in the vicinity of McKinley school and near the hospital because of a lack of parking facilities for parents taking children to and from the school.

Dallas said the parents complained that parking space "is taken up on the side streets by construction workers on the hospital project and by hospital employees who do not want to pay the monthly charge on the hospital parking lot."

"As a result," Dallas told the council, "The parents have no place to park while waiting for their children and in rainy weather find it difficult to get close to the school."

Wants Parking Limit

Dallas called for an ordinance that would limit parking to two hours on Niedringhaus avenue from Washington, 27th street from Madison to Washington, and on Iowa street from Niedringhaus to 23rd street.

When questioned by council members, Chief of Police Ron Veizer said that parking space in the vicinity was used mostly by construction workers, but several aldermen maintained the workers could use hospital parking facilities.

Dallas' motion to bring in the two-hour parking ordinance carried by a vote of 10 to 2 with Aldermen Roy Poules and Everett Morien voting against the motion. Clyde Boyd and Charles Morien were absent.

Fined \$25 for Conduct

Warriors to Open Conference Play At Collinsville

The fighting Warriors will open Southwestern Conference play against the Collinsville Kahoks, 8:30 p.m. Friday at Collinsville.

Warrior Coach Williams stated that, "Collinsville is 100% improved over their first game when they lost to Cahokia 49 to 8. They looked good against Belleville Althoff (Kahoks beat Althoff 8 to 0). They have a halfback, Jack McClain, who is faster than anything we have, and another real good boy at fullback named Rensing."

Coach Williams went on to state, "If we play real good football we will beat them. We don't have the speed to go around them, so we will use our power and run over them. The Kahoks sophomore game last year was the only one our sophomore team lost, so I know their juniors have to be good." Williams stated that the starting lineup will be basically the same. He noted that Don Harris

will play, but his leg was still giving him trouble.

Joe Wallace, Warrior quarterback, has an injured knee and it is not certain if he will play. Collinsville has a new coach this year, Lloyd Dunne. Coach Dunne came to this area from Ashland, Ohio. He had been at Ashland for the past nine years, where his team won four league championships and owned the longest winning streak of any Cardinal conference.

Coach Dunne's overall record is 93-28-4 (.739). The Kahoks have 12 returning lettermen. Their 1969 record was 17-1, which Coach Dunne stated he intended to change.

When asked by the Press-Record what style of play the Granite fans could expect, he said, "We are so orthodox in our game it's pathetic. We run a 5-3 defense and a slot 1-offense."

Coach Dunne said further, "I am very impressed with the Granite team. I saw the game against Cahokia, and Friday will be a tough game. That could make it a long night for us."

The offensive team for the Kahoks will be: Roger Cocker, junior, 5-10, 180, center; Fred Coffin, junior, 5-9, 170, right guard; Ken Keller, senior, 5-10, 180, left guard; Warren Smiley, junior, 6-0, 220, right tackle; Mark Frakes, junior, 5-10, 165, left tackle; George McKinnon, junior, 5-7, 150, right end; Bob Smith, senior, 6-2, 180, left end. In the backfield will be Gary Ceretto, senior, 5-10, 120, quarter-

back; Dave Rensing, senior, 5-11, 150, fullback; Jack McClain, junior, 5-7, 155, halfback; Doug Pepper, senior, 5-7, 160, halfback.

The defensive backs are: Dave Meadows, senior, 5-6, 150; Kent Ward, junior, 5-6, 165; Chuck Domino, junior, 5-8, 163; Kim Dawkins, sophomore, 5-11, 180.

Coach Dunne will rely heavily on the talents of returning line-backer Frank Hollingshead, senior, 6-0, 200.

The defense will also see Tom Jackstadt, junior, 6-3, 185, tackle, and John Stephens, junior, 5-9, 150, defensive end.

Ratkewicz on Freshman Grid Squad at Air Force Academy

Arthur G. Ratkewicz, former grid standout at Assumption high school, East St. Louis, is expected to see action with the Air Force Academy freshman team this fall. The 6-4, 200-pound athlete is the son of Mr. and Mrs. Anthony Ratkewicz, 1008 Fifth street, Madison.

Coach Jim Bowman's freshman squad, hoping to better last year's 2-3 record, will open its five-game 1970 campaign against Colorado State Oct. 9 at Fort Collins, Colo. Other games on tap include Houston, Wyoming, Colorado and Brigham Young.

Cadet Ratkewicz lettered two years in football at Assumption where he was a second team all-state selection. In addition to football, he lettered in track.

The National Honor Society member will be commissioned a second lieutenant and awarded a bachelor of science degree upon graduation from the academy in 1974.

"There's No Tomorrow"

Trojans Face Highland In 1st League Game

"There's no tomorrow now," stated head football coach Al Vander Haar of the Madison Trojans this week. "We have got to be ready by Friday as defending champions (Highland (to be met here tomorrow) is a conference game.)"

Vander Haar went on to state "Even though Madison lost last weekend to Maplewood, they looked 100% better than against O'Fallon. We are working hard at practice and although the penalties are still hurting us, there are less and less of them. We hope to capitalize on our past mistakes and leave the conference a winner."

Coach Frank Prechal of Highland told the Press-Record: "We respect the Madison team and the record of their first two games does not mean much."

On style of play Coach Prechal commented, "we play a straight T, and the boys are fast, so we will try to out-man-uever Madison. I like to stick to simple plays and concentrate on doing the simple things well."

The Highland Bulldogs finished second in the Midwestern conference last year with a 1969 record of 5-2. This season they are meeting the Trojans with a 2-0 record having beaten Gillespie and Vandalia 40-19.

The Bulldogs will be playing in the end positions. Matt Delfin, senior, 5-10, 170 and Larry Mohr, senior, 6-3, 180.

Guards will be Ray Bircher, senior, 6-4, 170, and Vern Urie, senior, 5-10, 165.

Tackles for the Bulldogs are Rick Reinacher, junior, 6-4, 185 and Rich Hobler, senior, 6-4, 175. Center will be Dennis Merkle, senior, 6-0, 182.

Offensive quarterback will be Gaye Michael, 6-0, 155, senior, and Rick Davis, senior, 5-11, 152 will be defensive quarterback. Halfbacks for the Bulldogs are Floyd Blevins, senior, 5-8, 145 and Rick Moss, senior, 5-9, 165.

Playing defensive line-backers are Glenn Hoyt, senior, 5-9, 145, and Tom Kucala, senior, 5-9, 160. Defensive quarterback will be Brad Snathal, senior, 5-9, 150.

Game time Friday at Madison is 7:30 p.m.

Mercer Tops Statistics But It's Do or Die Now

Official Inter-City Baseball League averages for the 1970 regular season were dominated not surprisingly by Mercer of Granite City (13-7, and champion) of Collinsville (16-4).

The same two teams currently are tangling for the playoff title in a best-of-three series which has Mercer up by one game after winning the series opener last Sunday at Fletcher field in Collinsville.

If Mercer scores another victory this Sunday at 2 p.m. at Wilson Park, the series will end. If Mercer wins Sunday, a final game will be held Oct. 11 to determine the championship.

Bob Ketter of Mercer had the highest average .368 of the season for players with over 60 times at bat, although Bob Bob Prange of Maryville was actually the high average hitter with one hit in two times at bat, a .500 average.

Ketter played in 18 games more than any other player in the league, batted 57 times, 17 runs, 32 hits, 15 runs-batted in and one home run during the season.

Second in the league was Bill Shortall of East Alton with 31 runs and 21 hits out of 64 times at bat for a .328 Average.

Other Mercer players high in the standings were Terry Brown in fourth place, who had 23 hits in 72 trips for a .316 average, and Larry Corey with an average of .290 which earned him sixth place in the standings of those with more than 60 times at bat.

The leading average for fifth place Bellemore was a .244 carded by Greg Patten who had 12 hits in 27 times at bat. Second was John Corrie, who also played for Mercer when Bellemore dropped out of the league, with 7 hits in 16 trips to the plate for a .438 average. Third highest average on the team was Bob Petrosky with a .400.

The only pitcher with 35 or more innings to survive the season with a perfect record was Bryce Thompson of Moltir

with a 9-0 record and an earned-run average of 1.56. Second was Don Pains of Mercer with a 3-2 record and an ERA of 2.33.

Of those hurling less than 35 innings, perfect records were recorded for Kevin Gallagher (3-0) and Jim Butler (2-0) of Maryville, Larry Corey (3-0), Jim Becker (1-0) and Ben Finke (1-0) of Mercer and Greg Patten (1-0) and Ron Laws (3-0) for Bellemore.

Other Mercer pitchers included Jim Rains (1-1), Terry Brown (1-1), Ed Hagnauer (1-2), and John Corrie (0-1).

Other Bellemore pitchers were Gregory Wasylak (0-1) and Mike Shamro (2-1).

As a team, Mercer had the highest batting average (.293) with 196 hits for .669 times at bat, 120 runs, 13 doubles, eight triples, three home runs and 59 runs batted in.

Bellemore was fourth in team batting averages with 83 hits in 374 times at bat (.229), 42 runs, 10 doubles, one home-run and 40 runs batted in.

Bob Ketter of Mercer was the leader of the league in five areas including best batting average, most base hits, most runs batted in, most runs scored and most times at bat.

Sprints, Midgets, Hobby Cars to Compete Sunday

A triple-header including the highly midgets and the hobby stock cars is scheduled for Sunday afternoon at the Tri-City Speedway for the final race of the season.

On hand in the super-sprints for the event will be Bill Utz, 1970 point winner, Roger Branson, USAC driver who has obtained a release to compete here this weekend; Bobby Jones, second in the feature race last Sunday who has sworn to return this week to take first place; Hirschel Jenkins of Decatur, winner of Sunday night's super-sprint race in Springfield; Jimmy Moughan, third in the 1970 track point standings; Jerry Camfield and Johnny Meyers. At least 24 sprint drivers are expected to compete.

Midjet drivers who have indicated they will compete Sunday include: Bert Jensen, St. Louis Midjet Association champion, and Joe Walters of Kansas City, Mo., midjet feature winner five weeks ago here. From 21 to 30 midjets are expected to compete.

In the hobby-stock cars will be Louis Jansen of Alton, last week's feature winner; George Gruenfelder of Madison, winner of the trophy dash last week; Art Lynch of Hillsboro, who is expected to bring his 1969 Camaro for the competition; and Jim Wells of St. Louis and Ivan Long of Jacksonville. A minimum field of 16 hobby cars is expected.

Due to the large number of racing cars in the infield, all

push trucks will be kept outside of the track area. The track is receiving a special treatment this week at a cost of \$180 to prepare it for Sunday's events.

An exciting super-sprint race took place at the local track last Sunday for the point championship of the track.

Winner of the super-sprint feature race was Eddy Levette of Kansas City, Mo., who also won the trophy dash. He took the lead on the 21st lap after Russ Hibbard, winner of the second heat, lost control of his auto and flipped over the outside retaining wall in the second turn, bringing out the yellow light. Hibbard had been running sixth until the mishap.

Second in the feature was Jones, who had the fast qualifying time of the day with a 24.6 second lap. Jones also won the first heat for the sprint cars.

Third in the feature was Moughan with Utz fourth and Roger Taylor of St. Louis fifth. Jim Fowler of Belleville took the checker flag for the sixth position.

The winner of the trophy dash for hobby-stock cars was Gruenfelder who was also the fastest qualifier of the day.

In the hobby car feature, Jansen took the checker flag for first-place money with Long in second and Wells in third place. Fourth was Bob Whitehead of Alton.

The gates for Sunday's race will open at noon with warmups until 1 p.m., qualifications from 1 to 2:30, and racing to begin following qualifications.

Two Sky Stealers Win Awards in Air Races; Folker 2nd

Two Tri-City Sky Stealers won recognition in model airplane competition held at Butler Park, St. Louis, during the weekend, according to results announced by the event's sponsor, the St. Louis Model Airplane Club.

Blum, 14, son of Mr. and Mrs. John Blum, 2417 Glen place, took second place in the 1916 London-to-Paris air race, and first place in the 1916 London-to-Paris air race, and first place in the 1916 London-to-Paris air race, and first place in the 1916 London-to-Paris air race.

Young Blum flew a German Fokker D.VIII, powered by a 40 cubic inch engine. His plane was clocked at 45 miles per hour.

The other Sky Stealer to win was 11-year-old Lee, 2225 Iowa st., who placed third in the free flight competition. The event was for rubber-powered models. Lee's model was a "Lincoln-Bach" an American airplane of the early 1900's. Built of small sticks and covered with tissue paper the models are light.

There are 12 model airplane groups in the metropolitan area. The Greater St. Louis Model Airplane Association sponsored the event.

'Mini' Ice Hockey Players Are Sought

Boys aged five through eight years old are being accepted by a "mini" ice hockey team which will practice and play games between 2:30 p.m. and 7 p.m. Wednesdays and Fridays at the Wilson Park ice skating rink.

Included on the squad, which may be expanded to two teams, are Quad-City and St. Louis residents. Those interested may contact Gordon Arnone, (334) 921-1824.

REUNION OF MADISON HIGH CLASS OF 1931

The Madison high school class of 1931 held its fifth consecutive class reunion during the weekend at the Midway Travel Motel, Sikeston, Mo., owned and operated by one of the class members, Lloyd Williams. He owned the Trojan restaurant in Madison for many years.

The president of the class, Frank Wondra, was the only one to attend as he is a patient in the Jewish Hospital, St. Louis.

Robert Hocking was in charge of a business meeting and there was a moment of silence in memory of deceased members of the class.

Velma, Rideout and Edna Smith planned the entertainment. Games were played and prizes were awarded to Lloyd Williams, Mr. and Mrs. George Filcoff and Mr. and Mrs. Bill Parker.

Mr. and Mrs. Ralph Adams were awarded a gift for having the most children and grand children and Mr. and Mrs. Bill Parker received a gift for traveling the farthest.

The banquet table held a centerpiece of American beauty roses. The group spent the night there and had breakfast together the following morning.

The next meeting will be at the same place in September 1971.

Those who attended were Mr. and Mrs. Ralph Adams, Mr. and Mrs. George Filcoff, Leonard Miller, Mr. and Mrs. August Sacadat, Mr. and Mrs. Albert Zinkowski of Evansville, Ind., Mr. and Mrs. C. D. Smith, Edwardsville, Mr. and Mrs. Paul Banker, East Moline.

Mr. and Mrs. Bill Parker, St. Petersburg, Fla., Mr. and Mrs. Ralph Adams, Indianapolis, Mr. and Mrs. Robert Nugent, Belleville.

Dr. Vasil Vasileff, Mr. and Mrs. George Filcoff, Leonard Miller, Mr. and Mrs. August Sacadat, Mr. and Mrs. Albert Zinkowski, Mr. and Mrs. Melvin Lee and Mr. and Mrs. Curtis Williams, all of Granite City.

MORE ABOUT Madison

whole. We have 12 or 13 businesses that cater to the guy who gets off work at midnight and likes a bottle of beer. These businessmen pay personal property taxes, license fees, income and sales taxes, a percentage of which comes back to the city. Their employees also pay taxes," Kinder added.

The attorney stated that in 13 Madison taverns there are 51 employees, not including the operators themselves or members of their families who work in the business.

600 Signatures
Kinder produced a sheet of petitions containing an estimated 600 signatures of registered voters, who stated they were not opposed to taverns remaining open until the present 4 a.m. closing hour.

The attorney said the signatures were gathered, for the most part, by "knocking at doors" and not secured solely from tavern patrons. He commented that "eight or nine police officers had signed the petitions". . . and "a special effort was made to obtain the signatures of persons residing in the area of taverns which have late closing hours."

Replying to a statement by Kinder that "closing down taverns in business for 40 years after only one month's thought doesn't seem the right way to go about it," one alderman stated, "This question has been going on for the past year, not one month."

Second Ward Alderman Richard Kismar commented, "We did what the mayor said in his election campaign. We formed a committee to study the tavern hours. I was part of that committee and now it is up to the council to decide."

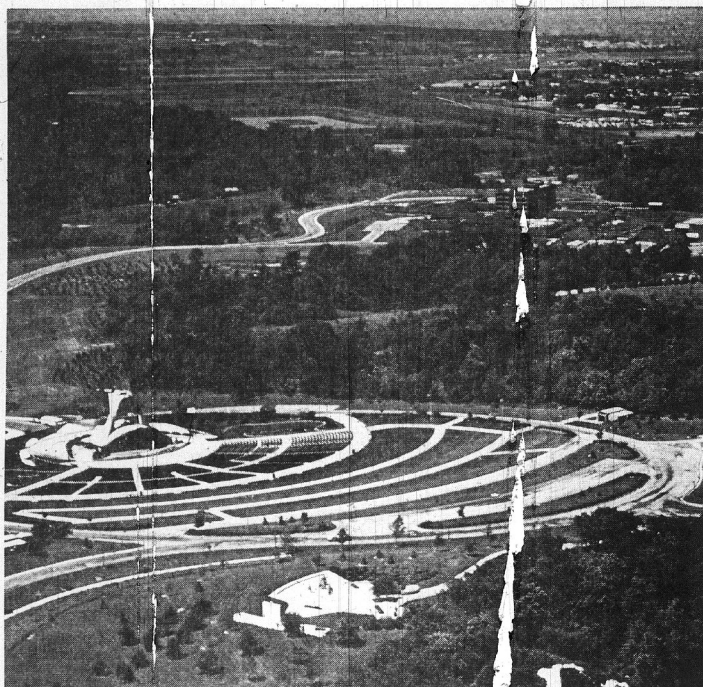

"My clients did not tell you their side of the story," Kinder replied. First Ward Alderman Donald Reeves, also a member of the aldermanic committee stated, "We met with the tavern operators and we weighed their arguments before making our recommendations."

"You may have 600 names on these petitions, but we have more than 2800 people that vote in our community to think about. It is what they want," Reeves stressed.

Some May Close
Several aldermen sought to pin down the number of taverns which may have to suspend business should the earlier closing hour be enforced.

Kinder said initially most of the 13 late hour tavern operators said they may have to close down. Two or three said they could continue to operate without employees by working the places themselves, he added.

Many taverns staying open until 4 a.m. do not start business until 5 p.m., Kinder explained.

LARGEST OUTDOOR SHRINE in America, the Shrine of Our Lady of the Snows, covers 200 wooded acres near Belleville.

Possibly eight or nine operators said it would force them to curtail business," he added.

Kismar asked if management policies could not be changed to fit the new hour.

"Those taverns that now open early may be hurt by the others which are forced to close at an earlier time and also start early business hours," Kinder said.

Second Ward Alderman Richard Kismar commented, "We have at least given people a chance to be heard. Venice said cut them off like that when they closed down their taverns."

Fifth Ward Alderman John Haynes said, "It is a real sad affair when we the people of Madison have to sit here and make an issue out of closing down business places this city has made. But in this downgrading society things have changed and some things have got out of control."

Kinder suggested the council

allow the business people to come up with some workable solution to handle disturbances. He also noted that "talking with various residents, they tell me the reports of trouble and disturbances connected with the taverns are greatly exaggerated."

"I don't think so," Haynes replied.

Approve Report
It was suggested each alderman present his personal thoughts on an adequate closing time, but the move was scuttled when those on the aldermanic committee said their sentiments were reflected in the committee's recommendation.

Restricting the number of taverns allowed to operate within the city of Madison was questioned, a proposal included in the aldermanic committee's recommendations. The restrictive regulation was omitted from the closing hour ordinance after several points were raised

concerning the legality of the move. The proposed limit of the number of taverns cited in the committee's report was 15. Presently, there are 34 taverns operating in Madison. The current number would be reduced by attrition as places closed, the report recommended.

Mayor Sasyk said, "I would like you to give more study to placing a limit on the number of taverns. We have been down four applications for licenses already. For instance, we will have to figure out how a person who has a tavern and wants to sell his business, in doing so before we take the issue."

Corporate Counsel John Gichler commented, "We are on this issue when you start limiting the number of taverns. I believe we should stick to the tavern closing hour issue at this point."

Election Is Over
Alderman Haynes, more or less concluded the debate by commenting, "The election is over. Mr. Kinder has made a fine presentation. I think the taverns tonight are very fortunate to have a hearing, cause it could have gone another way and they would not have had a chance."

A motion was made by Alderman Kismar to have Alderman Broyles, chairman of the council ordinance committee, introduce the tavern closing hour bill at Tuesday's meeting, with the legislation placed on first reading.

A roll call vote was not required to effect the measure, but four aldermen voted "aye" before the procedure was explained and voting came to a halt.

City Attorney Nick Vassileff explained the ordinance can be "amended, re-written or completely rejected," should the aldermen choose before adoption.

Angelus Bells a Highlight of 'Our Lady of Snows'

One of the loveliest of sounds rings out for travelers along Route 400 on the Belleville-East St. Louis four-lane highway. It is the peal of the Angelus Bells from the National Shrine of Our Lady of the Snows, and their strange resonance carries a built-in echo.

The bells are suspended a few inches above the surface of the Shrine's Reflection Pool and the water acts as a sounding board for them.

They ring every hour on the hour and 15 minutes before each religious service, on the grounds. It is almost a continuous concert that wafts over the nearby highway and for miles around.

The bells were the gift of old St. Bruno's church in Chicago where they had sounded for 30 years.

They are tuned to D, F, G and B flat and range in diameter from 28 to 44 inches. They hang from Byzantine towers especially designed for over-the-water suspension.

Visitors have established a custom of tossing coins at the bells to hear them tingle.

Other structures include a full-size replica of Lourdes Grotto, the Stations of the Cross which stretch along a leafy path that also has a roadway to allow invalids to tour the devotional lane without having to leave their cars; and St. Joseph's Hall, which includes a cafeteria, information center and gift shop.

Two Cougar Stars Hit by Disease

Bob Guelker's first reaction was one of shock when he found out that two of his key soccer players on the Southern Illinois University team have been stricken with infectious mononucleosis.

The two are goalie Jim Stranz and halfback Joe Galvin.

Although both are veterans and key men in the Cougars' 2-0 season to date, Guelker rebounded with a calm and confident judgment of the rest of the campaign. "Their absence for our lineup will hurt," especially against Rockhurst College this Saturday afternoon in Kansas City," he said, "I'm confident that our strong bench will pick up the slack."

PUMPKINS, INDIAN CORN AND GOURDS, ready to be fashioned into artistic centerpieces by the Quad-City Council of Church Women United for sale this weekend at the United Fun Fair, are displayed by Mrs. Howard Kaseberg, Mrs. Roger McNeilly and Mrs. George Vogeler, shown left to right. The seasonal products were grown on local farms and in residential gardens.

Church Women's Booth to Feature Seasonal Theme

One of the most painstaking projects culminating this weekend's United Fun Fair, involved long range planning, the cooperation of Nature and lots of hard work by members of the Quad-City Council of Church Women United.

In keeping with the autumn season, the Church Women United booth at the Fun Fair will exhibit for sale colorful Indian corn, decorative gourds and pumpkins. Many of the items will be arranged into artistic centerpieces, intermingled with fall foliage.

The Council's booth will be one of more than 40 individual areas set aside for United Fun Fair agencies and non-agency organizations to display information concerning their services, or sponsor entertainment for the general public.

The 1970 Fun Fair, scheduled from 1 to 9 p.m. Saturday and Sunday, will take place in Wilson Park rink pavilion.

Country Kitchen. Additionally, the Church Women United's booth will feature a "Country Kitchen," spotlighting home-baked as well as home canned items.

Another special task undertaken by the women's group involves compilation of a cook-book pamphlet, containing recipes for pumpkin and squash. The booklet of favorite recipes will be offered for sale at the booth.

The uniqueness of the Church Women United's project is reflected in the fact the women tackled the formidable task of planning and cultivating the products they will exhibit for sale this weekend.

Planted on Farms
The gourds, pumpkins and squash were planted last spring and grown in profusion on the farms of Mr. and Mrs. Louis Cionko, Mr. and Mrs. Dale Schanuel, Mr. and Mrs. Howard Kaseberg and Mr. and Mrs. Harry Deatherage.

Other seasonal products were cultivated in the gardens of Mrs. George Vogeler, Mrs. John Schrader, Mrs. E. A. Roberts and Mrs. Maurice Hemphill.

A special "Gourd Work Day" was held earlier this week when members cleaned, polished and readied the items for sale. The colorful pumpkins and ornamental gourds were scrubbed, shelled and sprayed, and many were placed in decorative baskets with mums and sprays of fall foliage.

Tomorrow, the lush, ripe pumpkins, recently harvested at the local farms, will be unloaded and priced, with the assistance of several members of youth groups, Mrs. William Beatty, a co-chairman of the Church Women United project explained.

Recipes Offered
Mrs. Beatty, Mrs. John Schrader and Mrs. Fred Rupp are coordinating the Church Women United activity. Mrs. Rupp is serving as "Country Kitchen" coordinator, while Mrs. Victor Anderson has compiled the recipe booklets.

One recipe contained in the booklet offers directions on making "Pumpkin Cookies," Mrs. Anderson said. The cookies are delicious and different, the chairman noted.

Ingredients include butter, sugar, pumpkin, vanilla, flour, cinnamon, chopped dates or raisins and chopped nuts, with small amounts of baking soda, baking powder and vanilla extract. The cookies are iced with a special frosting and the recipe yields 50 cookies, Mrs. Anderson said.

According to Mrs. Beatty, the idea for this year's unusual Fun Fair booth was suggested as the

women were dismantling their display one year ago, following the 1969 United Fun Fair event.

"We knew it was a big undertaking, but we decided to go ahead and tackle it," she commented.

Planted in Spring
The products were planted last spring and carefully cultivated through the hot summer months until harvest time, just a week or two ago, she explained.

Last year's Church Women United booth was a rousing success, Mrs. Beatty recalled. In addition to realizing a total of \$320 from the sale of old books and records, the booth was presented the first place award as the most outstanding and worthwhile entry in the non-agency category in a booth judging contest.

All proceeds derived from their appeal to the public, general attractiveness of decor and money-making ability, Leo H. Konzen, Fun Fair co-chairman announced last week. Winning booths will receive gold and silver medals and ribbons, he said.

"It sounds as if the Quad-City Council of Church Women United will again sponsor a front-running booth entry," a United Fund official who enjoys home-baked goods commented today with anticipation.

Auto Strikes Standard, It Falls on Other Car

An auto driven by Sylvester Petty, 26, of East St. Louis, jumped the concrete divider on Interstate 70, left the roadway and struck a light standard on Route 200. The standard fell and struck the car of Raymond E. Adams, East St. Louis, Petty who was pinned in his car, was taken to St. Mary's Hospital, East St. Louis, for treatment.

Axe Falls Off Car
A Madison man escaped injury in a freak accident at 9:30 p.m., Tuesday near his home when the rear axle of the bus he was driving broke loose and fell off the car causing the vehicle to overturn three times.

Louis L. Carter, 1517 Coffinsville street, Madison, told police that the axles failed when the axle fell off.

Nine Hurt In 18 Area Accidents

Three persons were hurt in one accident and six others were injured in 17 other traffic mishaps occurring in and near the Quad-City area since Monday.

Three were hurt at 7:25 a.m. Tuesday in a crash involving the front of the car of Ronald Kuma, 17, of 2474 State street, northbound on Grand avenue, and the left front of the auto of Rose Wiesler, 36, of Route 50, Edwardsville, westbound on 26th street.

The motorists were hurt along with a passenger in the Wiesler car. Ursula Gasparovic, 31, 24th street, was injured. Both cars jumped curbing, and the Kuma auto hit the Joseph Schewe confectionery and knocked over two telephone booths. An ice cream sign fell and struck the hoods of both vehicles.

All three were treated at St. Elizabeth Hospital and were released. Mrs. Gasparovic was given a skull x-ray. Mrs. Wiesler suffered contusions of the left shoulder and hip. Kuma complained of chest pains and had an abrasion to the right hand.

Hurt on State Street
Will Cobler, 64, St. Louis, a passenger, suffered minor injuries at 3:50 p.m. Monday in a collision damaging the front of the auto of Salter McDaniels, St. Louis, southbound on State street, and the right side of the car of Derb Lowery, 1120 Calhoun street, Venice, northbound and turning left into the General Steel Industries plant.

Ben Oliver Jr., 48, of 701 Kirkpatrick Homes, was injured when his auto crossed the corner of the old cemetery at East 25th and Charles streets, knocking down a fence and hedge and stopped upon hitting a large stump in a hedgerow at 5:10 p.m. Thursday.

He was taken to St. Elizabeth Hospital with lacerations of the nose, forehead, chin, arm and knee and was transferred to Firmin Desloge Hospital, St. Louis, following x-rays.

Alderman Injured

Alderman Emerald E. Dawes, 48, of 17 Terrace lane, was injured when his auto was involved in an accident with an older driven by Matthew N. Jarman, 3041 Sinclair street, at 12:45 p.m. Tuesday at 2100 Ohio avenue.

Dawes was admitted to St. Elizabeth Hospital with pains in the back and left rib cage. X-rays were taken of the skull, spine and ribs. He was reported to be in satisfactory condition.

Marilyn A. Greenlee, 27, of 2177 Marshall avenue, complained of pains after her auto, stopped in traffic, was struck from behind by a car driven by Donald E. Kneir, 2525 East 24th street, at 5:15 p.m. Tuesday at Madison and Niedringhaus avenues.

Albert Hughes, 40, of 2715 Roosevelt avenue, was injured when his auto struck crossing gate at 20th street and the railroad tracks at 10:25 p.m. Wednesday. He was issued a careless driving ticket.

Admitted to St. Elizabeth Hospital, he suffered a two-inch laceration to the right eyebrow and a one-inch laceration to the left forearm. X-rays were taken.

Robert Thompson, 35, of 1919 Edwardsville road, was injured when his auto struck the rear of the auto of Tommy Ray Taylor, 2671 East 23rd street, at 1:15 a.m. today at 21st street and Madison avenue.

He was admitted to St. Elizabeth Hospital with abrasions to the top of the head and right knee. X-rays were taken of the skull, spine and knee.

Blast Rips Beauty Salon

An explosion apparently caused by a gas leak, ripped apart Dana's Gaslight Fashion, 4064 Gaslight Walk, at 11:30 p.m. yesterday, leaving more than half of the beauty salon a shambles. Estimated loss may run into several thousand dollars.

No fire resulted from the explosion which a preliminary investigation disclosed may have been triggered when the pilot light of a hot water heater ignited near a leaking gas pipe, according to Long Lake Fire Chief Jack Harper.

Harper reported hearing the blast from his home on Lake street. Other residents in the Pontoon Beach area said "the loud noise was deafening."

Long Lake volunteer firemen arrived at the scene within minutes, but no blaze resulted from the detonation.

The beauty salon opened less than two years ago by Mrs. C. O. (Dana) Moore, 2009 Sun set drive located in a one-story brick structure, also occupied by the offices of Green Highlight, Inc.

SURVEYING DAMAGE. Mrs. Dana Moore, owner of Dana's Gaslight Fashion, 4064 Gaslight Walk, inspects extensive damage caused by a gas explosion. More than half the beauty salon's interior was demolished by the blast which occurred at 11:30 p.m. Wednesday.

**MORE ABOUT
GC School**
Interest, \$1,103,088 (\$1,194,444); life safety code, \$101,175 (\$108,714); special education building, \$90,000 (\$90,000); junior college tuition, \$20,220 (\$10,000); transportation, \$32,820 (\$37,200); and retirement, \$259,211 (\$220,895).

The 1969 school tax rate was \$3.33 per \$100 assessed valuation. The new rate will be set when the total assessed valuation of the district is determined. It is expected to drop from the 1969 total of \$224,264.383 to about \$212,000,000.

At the public hearing, William Hoelscher, executive director of the Tri-City Manufacturers Association, representing the Tri-City Taxpayers Expenditure Survey Committee, told the group that industry and employment is a decline while taxes continue to rise.

It is a fact that while most industries have modernized, there have been no new ones since 1956, he added. The number of industrial employees has dropped from 19,500 to 17,500 recently, which has an eroding effect, Hoelscher said.

Notes Heavy Increase
He asked the administration to try to operate at its income level and avoid issuance of tax anticipation warrants. He pointed to a substantial increase, especially in the educational fund by 13%, which increases each year.

Hoelscher was critical of state legislators for removing taxable income (reductions in assessment through the Homestead Act and removal of furniture and one car from tax rolls) without making other provisions for the taxing bodies.

He advised the board to contract out operations the district now performs wherever economically sound. He said some economic encouragement has been shown in the operation of 12-month schools elsewhere.

**Mark Freedman Named
Merit Semifinalist**

Mark D. Freedman, son of Dr. and Mrs. Melvin J. Freedman, 2543 Cleveland blvd., has been named a semifinalist in the 1970-71 National Merit Scholarship program. It was announced today by Lawrence C. McCauley, principal of Granite City high school.

A senior at CHS, Freedman is among 14,700 semifinalists named among the nation's most intellectually talented high school students. They will compete for more than 3,000 merit scholarships to be awarded in 1971.

SURVEYING DAMAGE. Mrs. Dana Moore, owner of Dana's Gaslight Fashion, 4064 Gaslight Walk, inspects extensive damage caused by a gas explosion. More than half the beauty salon's interior was demolished by the blast which occurred at 11:30 p.m. Wednesday.

SKIING, ANYONE? Mrs. Pauline Seebold holds water skis, which will be among the many items to be auctioned Saturday and Sunday at the United Fun Fair at the Wilson Park ice rink by the Women's Division of the Chamber of Commerce.

Seated, left to right, is Mrs. Becky Littrell, holding her four weeks old daughter, Stormi Ames; and Mrs. Roberts, the baby's great-great grandmother. Back row, Mrs. Helen Crabtree, grandmother, and Mrs. Edna Daigger, great-grandmother, all former Granite Cityans. Mrs. Littrell resides in Mexico, Mo., and Mrs. Daigger and Mrs. Crabtree are now making their home in Steedman, Mo.

Women's Conference Hears Panels Air Varied Topics

Reports on findings of the President's Task Force on Women's Rights and Responsibilities and the part women play in social and community services were among panel topics discussed at the Illinois Commission on the Status of Women's Conference last week at Southern Illinois University-Southwestern campus.

The conference, attended by approximately 275 persons, was sponsored by SIU-SW and District 14 of the Illinois Federation of Business and Professional Women's Clubs.

Panel One, whose chairman was Pauline Weir, second vice-president of the Granite City Club, with State Senator Robert Mitchell as moderator, reported on the President's Task Force on Women's Rights and Responsibilities. Panel member Miss Mary Kimbrough, family section editor of the Globe-Democrat, said, "Changes begin with- in, before there can be outward evidence." She said, "we as women must know how to handle ourselves with integrity."

Mary Ellen Casey spoke on changing patterns, from 1862 to 1970, saying the blueprints for federal government, Mrs. Edith Curd said, "You cannot legislate attitude, but we can appoint more women to higher commission." State Sen. Merrill Otwell spoke on four points, individual involvement, federal inequality, legislative attitude and legislative opportunity.

Panel Two members spoke on facilities available for education of women. The panel chairman was Emily Alford and moderator was State Rep. Lillian Karmayna. Dr. Ruth Richardson said four out of five women will be employed at some time during their lives, and therefore women should take advantage of the educational opportunities.

M. A. Witteyong said adult education basic skills are used in the business world. "Women have a special charm and this does not keep them from taking their place beside men," he said. Miss Dorothy Kelly said, "How current are your skills? If you have not had a refresher course in five years, they are outdated. Look at the labor market and its different requirements. Areas of the country vary. You as an individual has to decide which way you are going. Panel Three discussed Social and Community Service. The panel was headed by Chairman Miss Dorothy Padgett, with State Sen. Walter Duda as moderator. Panel member Dorothy Fink spoke on the social and community services available to women. Irene Witteyong spoke on legal services, family service, visiting nurses and veterans commission for former service men and services for the unwed mothers.

WHITTLE BY WHITTLE CROWNS MRS. COTTER

Mrs. Virginia Cotter was crowned "queen of the week" during Monday night's meeting of the Whittle by Whittle club. She received a selection of fruit and a crown.

Club leader Mrs. Pat Polo opened the meeting and there were reports by Mrs. Mary Free and Mrs. Ruth Hubbard.

A weigh-in was conducted by Miss Ruth Stover and Mrs. Shirley Sobolewski, and members paid fines to Mrs. Sharon Bridick and Mrs. Carmen Bridick. Guests were Miss Barbara Isaak and Mrs. Virginia Reed; the latter signed as a new member. Mrs. Polo received a gift from a "wishing well."

Secret pals were announced and new names were chosen. Mrs. Elsie Mathenia reached her goal, it was noted. A six-week contest ended and winners were Mesdames Elsie Mathenia, Diana Rugsdale, Mary Jane Sander and Virginia Cotter. Charms were presented by Mrs. Stover to Mrs. Cotter and Mrs. Rugsdale.

The meeting closed with prayer led by Mrs. Thelma Pryor. Also present were Mesdames Gloria Bennett, Marilyn Beyer, Rose Yates, Brenda Schoenhardt, Norma Ruhl, Sarah Shemwell, Marilyn Southerland, Joyce Hildreth, Peggy Newcomb, Nancy Walsh, Jane Beyer, Evelyn Isaak, Betty Young, Delores Townsend, Jolene Myers, Linda Miles, Beulah Krause, Jo Gipson, Ruth Coad, Rosalie Brembauer and Mildred Boyer. The club meets at the East Side Lloyce office here.

MISS PARKER HONORED AT BRIDAL SHOWER

Miss Patricia Parker, who will be an autumn bride, was honored at a surprise miscellaneous shower and luncheon this week given by Mrs. David Ames and the young women who are to be in the wedding party.

Mrs. James Parker, Mrs. Tim Van Hevelin, Mrs. Robert Pyle, Miss Jane Parker, Mrs. Joan Harris and Miss Judy Rainwater at the Parker home, 208 Ames avenue.

Miss Parker is to be married Nov. 14 to Thomas Hewitt. The ceremony will take place at St. Elizabeth Catholic Church.

The guest list included Karen Lakatos, Lynn Mangaracino, Velma Miner, Chris DuBay, Janice Lucido, Lorraine Parkinson, Virginia Rainwater, Sandy Innes, Mina Tarpoft, Melba Tarpoft, Evelyn Friesen, Jan Kohl, Libbie Lombardi, Catherine Treter, Cleda Parker, Tina Rainwater, Karen Hamilton, Hilda Lombardi, Becki Ann Price, Marilyn Price, Carolyn Barker, Sara Wilkinson, Judy Frey, Parnell Hamilton, Joyce Moore, Helen Harris, Barbara Moore, Nancy Halvachs and the honoree.

Games were played and a number of prizes were awarded.

The Garden Corner

Garden Cleanup

Now is the time to clean up your garden and start plans for next year. The plant residues of spent vegetables should either be composted or turned under by spading or plowing. In either case, the residue should be used for soil improvement. Weeds are also organic matter and can be used for soil improvement. However, if they have gone to seed, they are best removed from the garden area for the compost pile or fire barrel.

Green plant material decomposes much more rapidly than dry material. Dry material such as corn stalks or tomato vines can persist over winter to interfere with cultivation next year.

Composting, shredding or incorporation in the soil while green will eliminate this problem.

An exception to this is asparagus. Leave the asparagus tops on till completely dry. They will

Granite City PRESS-RECORD
Page 20 Thurs., Oct. 1, 1970

not be easy to dispose of, but next year's crop will benefit from the full season use of the top growth.

Clean up the fall garden area as crops are harvested. Total garden cleanup will mean easier gardening next spring.

Green manure crops of rye grass or rye can still be seeded, but don't expect too much growth at this late date.

Harvesting and Storing Vegetables

Experienced gardeners use good harvesting methods and temporary storage to extend the value of the garden. The present day transportation and selling methods have reduced the need for home storage, but it is still possible with many crops.

Late cabbage can be stored in pits or outdoor storages. To store in pits, pull the plants out by the roots, place them head down in the pit, and cover with soil.

Root crops such as beets, carrots, celeriac, rutabagas, turnips, and winter radishes should not be put in storage until late fall. These crops withstand autumn frosts and are better off in the garden until the nights are cold enough to permit proper storage. They store well in caves, basements and pits.

Dig root crops when the soil is dry. Immediately prepare them for storage by cutting the plant tops about one inch above the crown. They may be cleaned and washed if dried thoroughly before storing.

These crops keep best between 32 degrees and 40 degrees Fahrenheit. They require high humidity to prevent shriveling. To maintain this humidity,

STEELWORKERS USE HARD HATS and glass door to help publicize the upcoming United Fund campaign. Edward Boyer, 2230 State street, an official with United Steelworkers Union, Local 67, and a Granite City Steel employee, is serving as co-chairman of the UF Employee Gifts Division. Many union members are wearing UF emblems, as Boyer is, to symbolize labor's backing of the annual fund-raising drive.

ity, bed in moist sand, peat or sphagnum moss. Or, use polyethylene bags with four one-fourth inch air holes.

Parships, salsify and horse radish can be left undug and thus stored like the other root crops.

All members of the Brassica (cabbage) family must be

stored outside of the home because of the objectionable odors they give off.

Mature green bell peppers can be kept in the home storage for two or three weeks. Firm, dark-green peppers are best for storage. Pick the peppers just before frost. Then wash and sort them according to maturity.

Place the peppers in perforated polyethylene bags and store at temperatures between 45 degrees and 50 degrees Fahrenheit.

Tomatoes can be stored four to six weeks. Select fruits from vigorous vines just before the first killing frost.

Remove the stems to prevent them from puncturing tomatoes. Wash the fruits to remove soil residue, and let dry.

Store fruits that show red in separate containers from green fruits. The red or coloring tomatoes will be used first. Pack the green tomatoes one or two layers deep in shallow boxes or trays for ripening.

Mature green tomatoes reach an eating ripe stage at 65 degrees to 70 degrees Fahrenheit in about 14 days. Ripening can be slowed down by reducing the temperatures at 55 degrees. Don't hold tomatoes at 50 degrees or below for more than a few days. At 55 degrees, mature green tomatoes need about 25 to 28 days to ripen. An airy cellar or outbuilding where these temperatures can be maintained along with moderate humidity is best. Too much dampness encourages decay.

Stored tomatoes should be cut at seven to 10 days intervals to remove ripe tomatoes and these showing decay.

Hard-rind varieties of winter pumpkins and squash will keep for several months. Harvest them before frost and leave a piece of the stem on when you cut them from the plant.

Cure the pumpkins and squash for about 10 days at temperatures near 80 degrees Fahrenheit. Curing hardens the rind and heals surface cuts. After curing, store in a dry place at 55 degrees to 60 degrees Fahrenheit.

Acorn squash will keep well in a dry place for a month or more. Do not cure acorn squash or they lose moisture and become starchy.

Every home does not have the ideal place to store these vegetables. Modern homes with central heating make poor storages unless a separate storage room is constructed. Other alternatives are the adaptation of an outside building, construction of a cave or fruit cellar, or pit storage under soil and straw. One or all of these may be used, depending upon the crop to be stored.

Equipment Clean-Up

Your garden equipment should be cleaned up as well as the garden. Not only will proper care add life to the equipment, but gardening will be easier next spring.

Hand tools should be cleaned so that they are free of dirt and rust. Coat all exposed metal with oil for protection against moisture. Then store in a dry, sheltered area.

Gasoline engines on your power equipment need extra care. After the last use of the season, drain the gas from both the tank and carburetor. The easiest way to drain the carburetor is to drain the tank; then let the engine run long enough to drain the carburetor. Drain the crankcase and refill with clean oil. Grease and oil all fittings. Remove the spark plug and add a few drops of oil in the hole. Turn the flywheel or crankshaft three times to distribute the oil and grease on all surfaces.

Sprayers should be washed and dried thoroughly. Coat all moving parts with oil before storage in a dry location.

TENTH BIRTHDAY PARTY FOR DARREN GEISLER

Darren Geisler celebrated his tenth birthday at a party Sunday afternoon at the home of his parents, Mr. and Mrs. Joseph Geisler, 2130 State street. He is a fifth grade student at St. Joseph's Catholic school.

The party followed a "prehistoric" theme, with each guest given a "special formula" which he poured into a "volcano," causing it to erupt. Gerald Norton was the winner of a marble treasure hunt held in the yard, and David Marler and Brad French won indoor games.

Favors were received as a large dinosaur pinata was broken. Geisler took color movies of the party guests, including Wesley Scudliff, Joseph DeRuntz, Tim Geisler and the prize winners. Mrs. Geisler served birthday cake and ice cream to all present.

BRIDAL SHOWER FOR MISS VICKY SNYDER

Miss Vicky Snyder, daughter of Mr. and Mrs. Derwood Snyder, 2148 Robert avenue, was honored with a bridal shower Sunday afternoon at the First United Pentecostal Church on Pontoon road.

Hostesses were Miss Sandy Dickerson, who will be maid of honor in the wedding, and Miss Brenda Crement, a cousin of the bride, who will be a bridesmaid.

The bride-to-be received many gifts. Forty-two guests were present.

Guests included Mrs. George Guika, mother of the future groom; his grandmothers, Mrs. Edna Ernst and Mrs. Katherine Guika; the mother of the bride-to-be, Mrs. Derwood Snyder, and Miss Snyder's grandmother, Mrs. Nabel Burrows.

Out-of-town guests included Mrs. Barbara Aydelott of DeSoto, Mo., Miss Suzie Salenburger of Quincy and Misses Karen

and Sharon Evans of Collinsville.

Games were played and prizes were awarded to Miss Rachel and Miss Karen Evans.

Decorations were in keeping with the wedding colors of purple and white. A three-dimensional figure of a bride and groom served as centerpiece.

Two inscribed and decorated sheetcakes had the same color scheme.

The couple will be married at the First United Pentecostal Church Nov. 21; the reception will be at Nameoki United Methodist Church. The future groom is a student at SIU-SW and is night manager of Burger Chef.

Miss Snyder is employed by Leader's department store.

Brownie Troop 340 met Monday with Mrs. Penny Howton and Mrs. Inge Modic at Carview school. President Sherry Modic led the pledge of allegiance and promise. Roll was called by Cynthia Goeller, scribe, and Treasurer Tracy Angleton collected dues.

The troop talked about "Fire

Prevention Week," which will be observed next week, and plans were made to visit the fire station Oct. 5. The girls acted out games about fire prevention.

The birthday of Nancy Smith was observed and she served cupcakes to those named and three guests of the troop. Michael Modic, John Howton and Cheryl Howton, as well as other troop members, Ann Francis, Robin Lyn Howton, Theresa Murphy, Pamela Snelson, Kimberly Spahr, Patricia Welch and Jeanine Svoboda.

CUB PACK 46 OPEN HOUSE AT SCHOOL.

Cub Pack 46 held an "open house" and "school night for scouting" Monday night at Nameoki school. Assistant Cubmaster Bernard Miller conducted the meeting and introduced Ted Scrim, district commissioner; Charles Taylor, scoutmaster of Boy Scout Troop Five, sponsored by the Nameoki United Methodist Church; and Henry Mann, pack committee training chairman.

Four boys from Pack 46 were

taken into Troop Five. Mann and Wayne Miskelly met in the gym with the youngsters for games and activities.

The women met with Miller, who explained duties of a den leader and the phases of cub scouting. Men present met with Scrim to discuss committee plans and duties.

New den mothers are Mrs. Evelyn Mabry, assisted by Mrs. Shirley Holman, Den Four; Mrs. Frances Finley, assisted by Mrs. Joyce Mih, Den Five; and Mrs. Patricia Heatherly, assisted by Mrs. Linda Hursi, Den Six. Other den mothers are Mrs. Mary Jean Mann, Den One, and Mrs. Helen Miller, Den Two.

Registering to serve on the pack committee were Mrs. Judy Nowak, Mrs. Edith Burns, Bernard Courtney, Jon Lybarger, Art Heatherly, Larry Keeton and Howard Finley. About 30 new cub scouts were enrolled.

Announcement was made that cub scout training sessions will be held at Suburban Baptist Church, Maryville road and St. Clair avenue Oct. 5, 12, 19 and 26.

END WESTERN TOUR

Mr. and Mrs. Ray Blackburn, 2006 Edwards street, and children, Connie and Stephanie, returned home Sunday following a three-week vacation spent visiting relatives and touring several western states. They spent the Labor Day weekend in Topeka, Kan., enroute to Colorado, where they saw Steamboat Springs and several mountain passes.

In Las Vegas, Nev., they were joined by her uncle and aunt, Mr. and Mrs. Louis LaRose, also local residents.

They stopped for overnight lodging in the Grand Canyon at Flagstaff, Ariz. In California, they were guests of Blackburn's parents, Mr. and Mrs. Jack Jensen of the Silver Creek

estates in Pinole. They toured the water front at San Francisco and, at Anaheim, spent a day in Disneyland.

BIRTHDAYS OBSERVED

Two members of Junior Girl Scout Troop 704 of the Webster PTA, Shirley Patton and Cindy Ferguson, were honored on their birthdays at a troop meeting Monday at the school with the leaders, Mrs. Mae Lee and Mrs. Betty Van Gilder.

The Dogwood patrol led an opening ceremony and the troop discussed a campout held at Camp Torque. Plans were made for a Halloween party and holiday this month and a swimming party at the YMCA Nov. 11.

The scouts made gifts that will be used at the United Fair Oct. 3-4 at Wilson Park.

In attendance Cheryl Brinkley, Jackie Chapline, Enid Cox, Danna and Tammy DePew, Julia Forcy, Rebecca McGee, Anita McGee, Carolyn North, Corina Kuhn, Colleen Jackson, Robin Pilch, Becky Schorfhiede, Shelley Siebert, Robin Starks, Lori Taylor, Leisa Ter-

vusi, Leon Thomasen, Janice Van Gilder, Susan Welby, Pam Williams, Vicki Williams and Cheryl York.

HERE FROM GERMANY

Mr. and Mrs. Roy Hogan, 2317 Saratoga avenue, are entertaining her mother, Mrs. Adamec of Neillingen, Germany, who has been on an extended tour of the United States since May. She arrived here this week and has visited the Gateway Arch and other tourist attractions. She also visited here during the summer.

Mrs. Adamec was in Goodlettsville, Tenn., visiting her daughter and son-in-law, Mr. and Mrs. Lindberg Jones, former residents of Granite City. Jones is a retired officer of the Granite City Army Depot. The overseas guest also visited in the home of her son-in-law's parents, Mr. and Mrs. Raymond Hogan of Missouri.

She attended the wedding of a niece and nephew and graduation of another nephew from the West Point Academy. Mrs. Adamec plans to return to Germany Nov. 1.

HOME FROM AUXILIARY

ILLINOIS CONFERENCE

Three members of the Eagles Auxiliary of Aerie 1126, Mrs. Eleanor Hadley, Mrs. Marge Hall and Mrs. Vernie Von Nida, returned Sunday from the third Illinois state conference of the Eagles Auxiliary, held in Bloomington during the weekend.

The state officers opened the two-day session with a surprise marching drill team and three new members were initiated by the Bloomington ritual team during a ceremony in honor of Mrs. Stella Morehouse, a past state president and a representative of the national Eagles Auxiliary.

Guest speaker was Mrs. Evelyn Schrier of LaCrosse, Wis. The local delegates commented on the fact that five areas out of the seven in District Eight were represented, including Granite City, Collinsville, East St. Louis, Wood River and Jerseyville. There were 122 delegates from the state.

Mrs. Hall attended a "floral team" program. Mrs. Hadley studied fund-raising and Mrs. Von Nida studied social programs for members. At a smorgasbord the past state president, Mrs. Margaret Willoughby of Carbondale received a plaque from the cancer foundation and a pin from the City of Hope.

The national secretary, Mrs. Vera Bailey, read a poem entitled "Belonging," written by Mrs. Von Nida.

HERE FROM CALIFORNIA
Mr. and Mrs. Schley Martin, Rural Route Two, had as weekend guests her brother-in-law and sister, Mr. and Mrs. Leo Abbott of Modesto, Calif. They left for California after visiting here, seeing relatives in Highland, and visiting Mr. and Mrs. Charles Rutherford, another brother-in-law and sister.

Mrs. Maxine Rutter received a call this week from her son on Okinawa, Pfc. Larry K. Rutter, on his 20th birthday. He has been in the service on year and was assigned to Okinawa six months ago.

He had visited during the weekend with a friend from Granite City Airman first-class Tom Hanks. Both attended Granite City high school.

HONOR RUSSELL GRASSO
Mr. and Mrs. Gerald Grasso of Kausenberg Park entertained with a weekend party honoring their son, Russell, on his tenth birthday. The guests went bowling and later returned to the Grasso home for refreshments. Present were David and Jimmy Maxfield, John Jurgensen, Kevin Sea and Mark Grasso. Gifts were received.

Mrs. Lucille Sobzak attended a pink and blue shower in Casoville Sunday afternoon in honor of Mrs. Larry Sobzak. Later in the day, she attended a dinner in Belleville at the home of Mr. and Mrs. Chan Sobzak.

The dinner honored a son and daughter-in-law of the hostess, Mr. and Mrs. Bill Sobzak, who are here from South Carolina. He is stationed there and received a leave.

Julius Sobzak spent the weekend in Tamaroa, Ill., visiting his brother, Mark Sobzak and family.

MISSION PRAYER

A "week of prayer for home missions" was observed by the Mission Prayer Group of First Baptist Church Tuesday night at the home of Mrs. Wilma Hudson, 2140 Grand avenue. As the women entered the Hudson home, the hostess was playing soft music on the organ.

Mrs. Virginia Head opened the meeting and Mrs. Thelma Christian read missionary names and conducted the business session. Eight cards were signed by members to send to friends.

Mrs. Pauline Harp gave the program, "My Task of Building New Southern Baptist Churches in Illinois." She was assisted by Mesdames Fern Affolter, Jessie Schwendeman, Carolyn Hough, Virginia Head, Iva Olive and Sybil Lorraine.

A pot luck dinner was served to those named and Mrs. Myrtle Howell. Mrs. Olive has invited the group to her home, 2229 Grand avenue, for the next meeting.

FRIDAY, \$1.29 AT GRANTS

Mrs. Fred Fossieck, 2797 Harvey place, and Mrs. Willard Simpson, 3621 Edison avenue, spent Tuesday visiting in Springfield Ill. Mrs. Fossieck was the guest of Mrs. Roscoe Forth, and Mrs. Simpson visited her niece, Mrs. Carl Forth.

CLUB DISCUSSES MENUS

Mrs. Peggy McGeehe, leader of the Future Slenderettes club, presided Tuesday night at the East Side Levee office, noting correspondence from Mrs. Peggy Hackney, area captain, on Area Recognition Day, Oct. 24 in Belleville.

Mrs. Pat Wickman conducted a meeting and Mrs. McGeehe was crowned "queen of the week." Her gifts included a basket of fruit, a special gift and a jeweled crown pin.

Mrs. Wickman distributed diets to members and led a discussion of special menus. Others present included Miss Donna Barbee and Mesdames Dorothy Barbee, Jo Ann Melzer, Sara Dempsey and Villa Ridings.

BUTTERFLY CLUB DINNER
The Butterfly pin club began its fall season this week with a dinner served at the Roundtable. Members are the guests in the home of Mrs. Berntha Witter in Collinsville for evening card games.

Prizes were won by all, and plans were made to meet with Mrs. Mary Lou Clausen, 3116 Edgewood drive, Oct. 27. The hostess served a dessert course to Mesdames Clausen, Lorraine McIlvay, Irene Willis, Juanita Rosenberg, Catherine Bormert, Harriet Hoff, Hazel Rollins, Edith Ryan and Thelma Schmidt.

METHODIST HAYRIDE
Mr. and Mrs. Lewis Bunch, sponsors of the Junior Methodist Youth Fellowship at Nameoki Unit Methodist Church, on Sunday evening led a lesson and planning session.

The Junior MYF and Crusader choir will co-sponsor a hayride Friday evening. Cost will be \$1.25 and refreshments will be provided for the event at Midlegate Farm, Glen Carbon. All delegates from the church are to meet at the party at 6:15 p.m.

A Halloween "hubo" party is slated and members working on the committee are Donna La-throp, Frank Reid and Karen Davis.

Christy Luckert gave the night's lesson, and closing prayer was offered by Mrs. Bunch.

Pam Tester served refreshments to those named and Rich-ard and Diane Bunch, Joannie Fuller, Robin Watson, Twila, Donna, Sandy and Kenny La-throp, David Pitman, Randy Dickerson and Robin Howten.

CHRISTIAN YOUTH
OFFICERS CHOSEN
New officers were elected at the Sunday night meeting of the Christian Youth Fellowship of the Central Christian Church. They are Duane Parrish, president;

Laura Hansen, vice-president; Diane Parrish, secretary; and Kaye Daniels, treasurer. Jim Ash, sponsor, led a discussion on future activities, which will include a campout in October and a clothing drive for the benefit of the "nearly new" center at Coordinated Youth Services.

by Mr. and Mrs. James Auti, first; Mr. and Mrs. Marvin Van Metre, second; and Mrs. Barbara Ramsey and Mrs. Eunice Thorp, consolation. Refreshments were served and plans were made to meet Oct. 24 with Mr. and Mrs. Roger Piler, 2413 Cleveland Blvd.

HARMONY CLASS
INSTALLS OFFICERS
The Harmony Sunday school class of Niedringhaus Memorial United Methodist Church met during the weekend in Wesley Hall at the church for a monthly meeting and to install officers for the coming year.

Waldo Frohardt, president, opened the meeting with prayer and Mrs. Mabel Barnes offered devotions.

The pastor, Rev. Roy Baugh, conducted the installation ceremony, installing: president, Clyde Myers; vice-president, Edgar Padlock; recording secretary, Mrs. Kathryn Richardson; and Sunday morning secretary, Dale Carper.

Mrs. Fern Hahn presented a gift to the retiring president, Frohardt, on behalf of the class. Frohardt presented gifts to the outgoing officers.

The meeting closed with prayer, and a late lunch was served by the hosts for the evening. Mr. and Mrs. Albert Cartwright and Mr. and Mrs. Buster Goodwin, to 29 members and two guests.

Centerpiece on the serving table was an old-fashioned crock filled with hickory nuts, leaved, golden rod and assorted geards and corn. Two oil lamps were placed on either side of the arrangement. The tables were covered with pillow ticking print cloths, and each table held a candle lantern.

Guests were Rev. and Mrs. Roy Baugh, and members present were Mesdames Verna Will-trout, Kathryn Richardson, Irma

Madison Band to March Saturday at Illinois U.

The Madison Senior High School Marching Band will travel Saturday to Champaign-Urbana to participate in the "High School Band Days" event at the University of Illinois.

The local 80-member marching band was selected along with other high school groups throughout the state to perform in pre-game ceremonies at the Illinois-Syracuse football game.

At half-time, the "Marching Illini Band" will present its colorful show and then join the combined high school music groups in a series of special selections.

William F. Ledbetter, Madison band director, said the local musicians will be seated in the stadium during the football contest as guests of the University of Illinois band and athletic departments.

Tomorrow evening, the Madison Marching Band will be featured in a half-time show at the first home game of the Madison Trojans.

Drum Major Jim Shrader will direct the music entertainment at intermission, Ledbetter announced.

Folk-Singing Trio to Entertain at Fun Fair

The addition of a youthful folk-singing trio to this weekend's United Fun Fair entertainment schedule was announced today by Frank Rea, special events committee chairman.

Known as "Bridge," the folk-singing group will perform on stage in the Wilson Park rink pavilion from 4 to 5 p.m. Sunday.

The trio features vocalist, Jeanine Unfried, and guitarists, Mike Unfried and Steve Norn. All are from the Quad-Cities area, the chairman said.

Teenagers March Against Leukemia

The Danny Thomas Teenage March for St. Jude Children's Research Hospital will be held in the Quad-Cities Oct. 2, 3 and 4.

A door-to-door fund-raising effort is planned by the youth of the nation to help combat leukemia.

The Granite City chapter, Epsilon Sigma Alpha, international society, along with other Illinois sister societies, is joining in sponsoring the teenage march as a statewide project.

The America Lebanese Syrian Charities, known as Alaa, supports the hospital and research projects which are done to fight leukemia and other disorders affecting children.

Danny Thomas' daughter, Marlo, star of her own television show, "That Girl," is national chairman of this year's Teen drive.

Mrs. Joyce Albers, 3119 Yale drive, is the local Alaa leader, or is chairman of the Epsilon Sigma Alpha project for this area.

The chorus, which has been singing with the St. Louis Symphony Orchestra since 1959, has also performed with the St. Louis Philharmonic and the Peoria Civic Orchestra.

A former Kodak fellow at the Liszt Academy of Music in Budapest, Miss Vang was chosen as part of the annual Christmas concert at the SIU-SW campus.

Five Dates Set to Take ACT Test at School

Students at Granite City high school who are planning to attend college will have five opportunities to take the ACT test battery during the school year.

Last year nearly one million students in the U.S. and overseas wrote the five-part test, which is required or recommended for applicants at more than 1800 colleges, universities, two-year colleges, scholarship agencies and athletic conferences.

The test schedule, with registration periods in parenthesis, is Oct. 17 (Aug. 24 to Sept. 28); Dec. 12 (Oct. 5 to Nov. 9); Feb. 20 (Nov. 23 to Jan. 18); April 24 (Feb. 1 to March 22); and July 17 (April 3 to June 14).

Students can obtain registration packets and other ACT information materials from a member of their guidance staff.

The battery includes a series of tests designed to measure a student's ability to perform the kinds of intellectual tasks typically required of college students.

Subjects covered are English, math, social studies and natural sciences. Another part of the examination consists of questions about the student's academic and non-academic background, immediate plans for college and career aspirations.

Fee for the test, which takes about 2½ hours to complete, is \$6. Results are sent to colleges and other institutions designated by the students.

It is recommended that the students write the test either late in their junior year or early in the senior year. It will allow the students, their parents and counselors to make a maximum use of the resulting reports as valuable counseling tools in pre-college planning.

Community Choral Rehearsals Begin

The SIU-SW-Community Choral Society has begun rehearsals for its 12th season.

According to Director Nancy Vang of the music faculty on the local campus, rehearsals will be held each Tuesday at 7:30 p.m. in Room 1402 of the Peck classroom building.

Membership is open to all interested adult and high school singers but no members will be accepted for the fall quarter after Oct. 6, Miss Vang said.

The choral group is rehearsing "The Christmas Story" by Hugo Dietter, written for an unaccompanied chorus and soloists, to be presented Dec. 6 as part of the annual Christmas concert at the SIU-SW campus.

The chorus, which has been singing with the St. Louis Symphony Orchestra since 1959, has also performed with the St. Louis Philharmonic and the Peoria Civic Orchestra.

5 GC Students Commended for Merit Scores

Letters of commendation honoring them for their high performance on the 1970 National Merit Scholarship Qualifying Test have been awarded to five students at Granite City high school.

They are Valerie Beatty, Gerald Griffith, David Hudson, Gregory Lux and Judy Wynne.

They are among 35,000 students in the U.S. who scored in the upper two per cent of those who are expected to graduate from high school in 1971. They rank just below the 14,750 semifinalists announced in September by the National Merit Scholarship Corp.

Edward C. Smith, president of NMSC, said: "Although commendation scores advance no further in the merit scholarship competition, their standing in this nationwide program deserves public recognition. Their high performance on the NMQST gives promise of continued success in college."

Their names are reported to further the merit scholarship competition, their standing in this nationwide program deserves public recognition. Their high performance on the NMQST gives promise of continued success in college."

'War Between the Bands' Loud, But Fun for Teens

Loud music and smiling teens were the order of the day for the Jaycees' third annual War Between the Bands at the Wilson Park Ice rink.

Eight groups, including two folk duets and six rock bands competed for the best individual performer trophy presented by John Fornaszewski, which was won by Dennis Brewer of the Collebrew folk group.

In addition, the rock bands competed this week for \$100 first place and \$50 second place cash prizes donated by Glick's Department Stores, the Granite City Trust and Savings Bank and Fornaszewski Music Store. The J. Christopher Blues Band of Granite City captured the \$100 first prize. The group includes Chris Vaughn on guitar and vocal Pat Spies on drums and Rich Chosich on bass.

Second Place Winners
Second place went to the Burlington Route of Granite City, last year's winners. Members of the "Route" are Jeff Hoeymer on organ, Nick Kotloff on bass, George Judge on lead guitar, Paul LeGrand on drums and Greg Homeyer, vocal. Other rock groups competing included the Remington Savage from Granite City with Rod Ozanich on bass, Jim Shelton on lead guitar, Rob Bartling on

organ and Pat Powderly on drums. An out-of-town group, Exit, with members from Collinsville and Edwardsville, included Jerry Radas on drums, Tom Hickling on bass, Craig Sopetto on organ, Ken Radas on lead guitar, Mike Glenn on rhythm guitar and Sue Prosser vocal.

Others Competing
Also competing for the prize money were the Early Apparition and Norfolk and Western, both of Granite City. Members of Early Apparition were Ricky Kasy on drums, David Whitaker on bass, Bob Schwaiger on lead guitar, and Mark Wittenbrink on organ, Norfolk and Western members were Bill Drew on drums, Darrell Drendor on bass, Dave Parks on rhythm guitar, Jerry Newman on lead guitar and Bob Parks, vocal.

Folk groups, competing only for the trophy, were Collebrew and Mike and Gail. With Brewster and Collebrew was Chuck Collett of Granite City who provided background for the duet on guitar. Mike and Gail are Mike Johnson and Gail Schubert, both of Granite City.

Judges for the contest were Ann Scott, a teacher at Maryville School; Tony Eck, juvenile officer with the Granite City Police Department; Gordon (Piccolo Pete) Ruth, a local musician; Paul Moore, business agent for Local 717, Musicians Union; and Gary Schneider, Press-Record reporter. Miss Ruth Ann Diak, Miss Granite City, assisted the judges and presented the trophy and awards.

BIRTHDAY DINNER FOR MICHAEL YORK

Mr. and Mrs. Larry York, 1929 Joy avenue, entertained with a dinner party in their home this week in honor of the eighth birthday of their son Michael.

Those present were the grandparents, Mr. and Mrs. Preston Adams and Mr. and Mrs. James York, Miss Jackie Adams, Miss Betty Duffield, the honoree and his brother Craig.

ATTEND DAY MEETING

Mrs. Irene Hoelter, state commander of the Disabled American Veterans Auxiliary, with her husband, Ray, and Mr. and Mrs. Leo Kelly, was in Golconda, Ill., over the weekend to initiate members of a newly formed Auxiliary.

After the initiation new officers were installed and the charter from the national office was presented to the new commander of the unit.

Dinner was served after the meeting by the DAY Auxiliary. While in Golconda the local group visited Hank Young, formerly of Granite City.

Miss Nancy Mitchell Weds Delbert Eckert

An out-of-town wedding of interest here was that Sept. 26 at Holy Cross Lutheran Church in Collinsville of Miss Nancy Dianne Mitchell, a daughter of Mr. and Mrs. Lloyd E. Mitchell, 4009 Braden avenue, Granite City, and Delbert G. Eckert, whose parents are Mr. and Mrs. George Eckert of Route Two, Collinsville.

The evening ceremony was performed by the Rev. John G.

Koch. A reception was held afterward in the church basement.

The bride chose a pure white Chantilly lace gown fashioned with a high neck and long full sleeves tightly cuffed. The long skirt of scalloped lace edged with iridescent sequins had a detachable sweep train of the scalloped lace. Forward lace and pearl petals secured the bride's tiered veil of illusion and she carried a bouquet of white carnations and yellow roses centered with an orchid.

Mrs. Carol Barr, a sister of the bride, was honor attendant and Mrs. Vicki Eckert and Miss Linda Eckert, a sister-in-law and sister of the bridegroom, served as bridesmaids. They were dressed in chiffon gowns with scoop necks and long sleeves.

Floral motifs on moss green encircled the waists and trimmed the sleeves. The matron of honor was in green and the bridesmaids wore orange. Headpieces matched the gowns and they carried yellow crystal pom poms.

The bride's niece, Laura Mitchell, and Ronald Barr, a nephew, served as flower girl and ring bearer. The former was in white chiffon with green trim. She carried a basket of yellow and orange flowers.

The newlyweds are honeymooning at the Wisconsin Dells. When they return Oct. 3 they will reside in Maryville, Ill.

The bride, a 1967 graduate of the Granite City high school, is employed in St. Louis. Mr. Eckert graduated from the Collinsville schools. He is an employee of a St. Louis firm.

AT HOME ON LEAVE

Lieut. Kenneth C. Ferro, a son of Mr. and Mrs. Peter Ferro, 2520 Delmar avenue, is at home on leave from Fort Sill, Okla. He will be married Oct. 17 in Joliet, Ill., to Miss Patricia Ann Schultz of that city.

MR. AND MRS. LYNN D. LAWSON, who were married Saturday at St. John United Church of Christ. The bride is the former Sandra Arico.

Miss Sandra Arico is Bride of Lynn Lawson

The wedding of Miss Sandra Arico, a daughter of Mr. and Mrs. Lynn D. Lawson of Kirkwood, Mo., took place Saturday evening at St. John United Church of Christ on Nameoki road.

Rev. Paul Surbey heard the vows of the couple at 7 o'clock and a reception was held in the church hall directly afterward, followed by a small reception at the home of the bride for the families and a few friends.

The bride chose for her wedding a gown of white pea de soie fashioned with a Victorian bodice masked with pink satin ribbon. Lace and pink ribbon trimmed the bodice, the cuffs and the full sleeves and encircled the waistline, ending in a soft bow and streamers. A total-look matching mantilla fell from a Camelot headpiece into a full sweep and the bride held a bouquet of white carnations and pink roses.

The attendants, Miss Aris Bogossian, maid of honor, and Miss Barbara Groll, bridesmaid, were dressed alike. Their gowns with red velvet sculptured bodices, short sleeves and scoop necklines, had long pink crepe skirts. Satin encircled the waistlines with back bows and streamers down the back. Both

carried arrangements of red carnations and pink roses.

Stan Lawson was best man for his brother and Kenton Lawson, another brother, served as groomsmen. They are sons of Mr. and Mrs. Garland Lawson of Joplin.

Little Tammy Pounds; and Sammy Arico, the bride's brother, served as flower girl and ring bearer.

After a honeymoon at Tan-Tar-A in the Ozarks the newlyweds will make their home in St. Louis.

The bride, a registered nurse, is a graduate of the Granite City high school and Barnes Hospital School of Nursing. Mr. Lawson graduated from the Joplin schools, the Missouri Southern College and the University of Missouri at Rolla. He is an engineer at McDonnell Douglas in St. Louis.

Ten Workshops In Consumer Education Open

Ray Page, Illinois Superintendent of Instruction, has announced that ten regional workshops in consumer education is now being held throughout the state and will continue through Dec. 8. The opening session was held at Dixon with others scheduled for Deerfield, Hinsdale, Kankakee, Champaign, Edwardsville, Effingham, Marion, Galesburg and Jacksonville. The Edwardsville meeting will be held at Southern Illinois University-Southwestern on Nov. 3.

The purpose of the workshops is to provide in-service training for teachers and administrators and to assist them in the improvement of their instructional programs in consumer education. The series of workshops has been selected to introduce a new legal education program for Illinois schools and is jointly sponsored by Attorney General William G. Scott and Superintendent Page.

Sessions for the meetings will be entitled "You and Consumer Education in Illinois," "Food and Drug Administration Looks at Consumer Education," "Credit Generation Gap," "Consumerism—A Major Component of Legal Education," and "Introduction to Legal Education."

Participating in the program will be representatives of the Food and Drug Administration, U. S. Department of Health, Education and Welfare; Association of Credit Bureaus of Illinois; Office of the Attorney General, and the Office of the Superintendent of Public Instruction.

The schedule for the workshops is as follows: Deerfield high school, Oct. 5; Hinsdale high school, Oct. 6; Kankakee East Ridge high school, Oct. 13; Champaign Central high school, Oct. 28; Effingham high school Nov. 4; Marion Senior high school, Nov. 16; Galesburg high school, Nov. 23; and Jacksonville high school, Dec. 8.

Chouteau Drainage Meet

A special public meeting of the Chouteau, Nameoki and Venice drainage district will be held at 4 p.m. Saturday at the Fun and Sun resort to adopt a maintenance budget. An appropriation of \$10,000 to \$15,000 is being considered.

Do you know the difference between low-cost insurance and cheap insurance?

Buying cheap insurance for your home or car is like buying a cheap peach. By the time you find the holes, it's too late to do anything about it.

But you don't want to pay too much for your insurance, either.

That's why smart people buy insurance for home, car or business through an independent insurance agent.

Because he represents several companies, he can shop around to find the best insurance for you at a fair price. What's more, he's on your side when it comes to fast settlement of all claims.

Remember—there's no such thing as bargain-basement insurance.

This symbol is your assurance that we are professional independent agents.

Sweet memories cling to her
name.
Now our hearts are filled with
sadness.
Our eyes shed many tears.
Only God above knows how
much we miss her at the end
of one long year.

Rainy-Day Fun
For Children

Turn rainy days into days of
fun and accomplishment for you
and your children by helping them
help you. You might get a head
start with homemade Christmas
gifts. Not only will you be taking
care of a Christmas gift, but you
will be sharing the fun and work
with the children.

Teach your young lady simple
embroidery and knitting stitches.
If you know teaching, pre-
serve the art by teaching her,
or get booklet so that you can
learn together.

If the cookie jar is nearly
empty, or even if it's not, bake
some cookies. You can freeze
the extras.

Take time to listen to records
your child. Music is often
explicated on the record jacket.
Read the explanation with the
child. If you have an encyclo-
pedia, you might read about the
composer. Maybe you'd like to
invest in a book about compos-
ers and their compositions.

Go to an art museum or get
some books from the library.
Read about art and explain it to
your children. Point out differ-
ences in the pieces.

Too often children grow up
not knowing how relatives are
related to them. Prevent this
lack of knowledge by making a
family tree. You may also de-
cide to visit relatives to find
out more about your ancestors.
It will be a learning experience
for both you and your children.

A much-talked-of, less-often
done rainy-day activity is ex-
ploring the attic. Why not do it?
Maybe you can sort and clean
while your children play. They
will have fun seeing things they
may never have seen before. If
you can access an old picture al-
bum, you might wish to update it
with a new book and remounting
job. Children can help with this
work, and you can explain the
pictures as you go.

Top off your accomplishments
with a party, using your list of
girl's own tea set and serv-
ing cookies you baked together.

Add Spice to Meals with
Homemade Pickle Products

Homemade pickled fruits and
vegetables will meet the taste
test when you use good-quality
ingredients and follow proper
procedures.

Be sure to use correct propor-
tions of fruit or vegetable, salt,
sugar, vinegar and spices. Alum
and lime are not needed to make
pickles crisp and firm if good-
quality ingredients and up-to-
date recipes are used. Use
tested recipes to avoid prob-
lems.

Select tender vegetables and
firm fruit. For pickling, pears
and peaches may be slightly un-
derripe. Use unwaxed cumber-
bers for pickling whole, as the

For Children

Turn rainy days into days of
fun and accomplishment for you
and your children by helping them
help you. You might get a head
start with homemade Christmas
gifts. Not only will you be taking
care of a Christmas gift, but you
will be sharing the fun and work
with the children.

Teach your young lady simple
embroidery and knitting stitches.
If you know teaching, pre-
serve the art by teaching her,
or get booklet so that you can
learn together.

If the cookie jar is nearly
empty, or even if it's not, bake
some cookies. You can freeze
the extras.

Take time to listen to records
your child. Music is often
explicated on the record jacket.
Read the explanation with the
child. If you have an encyclo-
pedia, you might read about the
composer. Maybe you'd like to
invest in a book about compos-
ers and their compositions.

Go to an art museum or get
some books from the library.
Read about art and explain it to
your children. Point out differ-
ences in the pieces.

Too often children grow up
not knowing how relatives are
related to them. Prevent this
lack of knowledge by making a
family tree. You may also de-
cide to visit relatives to find
out more about your ancestors.
It will be a learning experience
for both you and your children.

A much-talked-of, less-often
done rainy-day activity is ex-
ploring the attic. Why not do it?
Maybe you can sort and clean
while your children play. They
will have fun seeing things they
may never have seen before. If
you can access an old picture al-
bum, you might wish to update it
with a new book and remounting
job. Children can help with this
work, and you can explain the
pictures as you go.

Mini Posters Present Attractions of State

Director Ray C. Dickerson has announced that the Illinois Department of Business and Economic Development has introduced a new and unique type of tourism promotion literature to go along with the department's fall tourism campaign. The new approach, which features the use of 16 full-color "mini-posters," was the conception of Norman Crawford, the department's administrator of promotion.

Crawford said persons seeing the posters and interested in obtaining information on travel opportunities in Illinois can write to the department, requesting literature pertaining to four different categories—historic attractions, the scenic outdoors, special events, or cultural highlights.

On the back of each poster is a series of black and white photographs of other sites, a map of where the sites are located within the state, and a story giving brief descriptions of what is available in Illinois in each category.

Those wishing to receive the "mini-poster" packages should send a card to: Tourism—Dept. P. R., Department of Business and Economic Development, 222 So. College St., Springfield, Ill. 62706.

Stevenson Urges Three National Park Sites

State Treasurer Adlai E. Stevenson III, Democratic candidate for United States Senator, has urged the creation of three National Park Service sites in Illinois.

Illinois now is without one national park service site and ranks 46th in the nation in terms of state park space per person, he said.

Stevenson made his remarks before a workshop called Conference For Life in Allerton Park at Monticello, Ill. The workshop was sponsored by Students For Environmental Control.

American Motors Includes Addition to Compact Line

A new exclusive Hornet body style called the Sportabout, an all-new Javelin styled in the manner of European sports cars, and a new Matador intermediate line highlight the 1971 model lineup announced today by American Motors Corporation which is scheduled to go on display Tuesday at Brewer Motor Co., 2163 Madison avenue.

The '71 models, reflecting the company's aggressive product development program, include the luxurious appointed Ambassador with automatic transmission added to air conditioning as standard equipment; the Gremlin, America's first subcompact; the Javelin AMX, a new high performance car; and a special performance Hornet model—the SC360.

The uniquely designed Sportabout provides a "new dimension" to the compact car field, according to Joseph E. Brewer, operator of Brewer Motor.

"The introduction of the Sportabout, a station wagon concept blended with sedan styling, plus a new SC360 performance model means the Hornet line now covers the widest range of compact buyer preferences," Brewer said.

Slantback Styling

"The four-door Sportabout's size and maneuverability—desirable attributes in our urban environment—and its modified slantback styling should appeal to women and young families," he said. "A special Sportabout D/L model makes a particularly elegant driving package."

Brewer said the 1971 models are aimed at specific growth segments of the U. S. auto market, with particular attention to a growing demand for below-standard size cars.

"The Gremlin is especially designed to meet the rising demand for a quality-built U. S. car comparable to the imports in cost but superior in handling, safety and performance," he said. "And in the compact mar-

ket, the Hornet has demonstrated its appeal to those buyers looking for big car qualities in a smaller package."

"The new Matador line provides maximum value in the intermediate field where a growing number of American buyers are concentrating their car purchases, especially one-car families seeking the best all-around vehicles at a reasonable price," he said.

Ambassador Upgraded

"The '71 Ambassador has been further upgraded in value with automatic transmission added to the long list of standard equipment, which includes air conditioning," he added. Six of the seven Ambassador models are V-8 powered.

"The '71 Javelin stands out with its unusual styling flair which says 'performance' in every line," Brewer added.

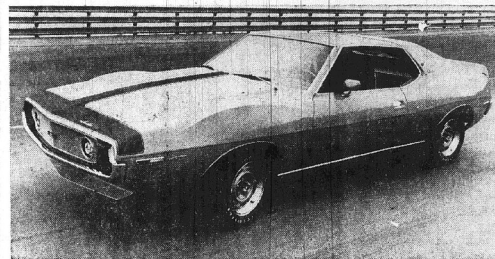

A total of 21 models comprise the '71 American Motors line, one more than a year ago. They include six Hornets and seven Ambassadors, and three models each in the Matador and Javelin lines. The Gremlin continues in two and four-passenger versions, the latter also available as a special Gremlin X.

In all, there are five new nameplates in the AM lineup—Sportabout, SC360, Matador, Ambassador Brougham and the high performance Javelin AMX.

There are two new engines as well—a 401 CID V-8, rated at 330 horsepower, and a 258 CID Six, developing 150 horsepower. Four additional engines are offered—an economical 135-horsepower, 232 CID Six, and three V-8's, ranging from 210 to 285 horsepower.

Five of the six 1971 engines operate on regular grade or new low-lead 91 octane gasoline, with only the new 401 V-8 requiring premium grade. All engines are designed to do a better job of exhaust emission control.

A NEW LOOK in American Motors cars will be the 1971 Javelin-AMX, which is among new models going on display Tuesday at Brewer Motor Co., 2163 Madison avenue. The AMX will feature a 245 horsepower V-8, a raised profile fiberglass reinforced plastic hood, a wire mesh screen grille, rear-deck spoiler and glass belted tires. A wide choice of options also will be available.

Ex-GC Family Loses Home, All Possessions in Fire

Members of a Granite City family who left here only two months ago to make their home at Tennessee Ridge, Tenn., lost their house and all possessions in a fire that gutted the farm dwelling Monday afternoon.

Friends of Mr. and Mrs. Jesse Boyd and children, Donna, 17, and Denny, 13, formerly of 5113 Maryville road, reported details of the fire yesterday. The blaze totally destroyed the six-room, one-story frame house while the family was attending the funeral of a relative.

Madison School Board to Study 'Tunnel' Problem

A motion to "determine who is legally responsible for the McCambridge avenue pedestrians tunnel and in the meantime to take all necessary precautions for the safety and welfare of the children," has been approved by Madison school board members.

The action was in response to a forum letter in the Press-Record in which a concerned parent blamed the school board for lack of lighting and standing water in the tunnel during rainy periods. The writer charged the tunnel is unsafe because it "has no guard except some patrol boys who come and go as they please."

"The tunnel was built by the state and members of the school board expressed doubts that the school board could be responsible for the tunnel, even if they wanted to oversee its operation. A legal opinion on this matter is expected at the next meeting from John Gilchrist, school attorney."

Order Tunnel Guarded
Until that meeting, Raymond Dragich, superintendent, was ordered to investigate the possibility of placing a guard at the tunnel several hours each day to protect the children. It was further ordered that lights should be installed in-

mediately. A motion also was passed that the custodian at Baer school "be directed to check lights and the floor when opening the gates each morning and evening, and a form on the condition of the tunnel be filled out each day and presented to the principal of the school."

In other business, the board also has approved a proposed trip for the High School Band to compete in Band Day, Saturday, at the University of Illinois, during the Madison game with Syracuse University. A motion designed to keep the district exempt from financial pressure was made. It stated: "There will be publicly no public expense. If any employee of this district for their political beliefs," Board President Chester L. McManaway told the board, "I would like to feel that the board is unanimous on this issue." The motion was approved without dissent.

Adult Education Report
A report was presented by Dragich on the progress toward setting up adult education classes in the Madison schools. He said it appeared that by the middle of January non-vocational adult classes could be started in vocational and business areas in the present school facilities. He said response from teachers has been good.

Ray Kozielec, treasurer, reported that \$80,000 had just been received by the board from Nameoki and Venice township tax collection. The funds were approved for investment in 90-day and 7-month certificates of deposit at the First National Bank in Madison.

The treasurer's report stated the bank balance at the beginning of August was \$91,465 and \$89,500 was received during the month. Expenditures during the month totaled \$17,685. The bank balance at the end of the month was \$72,855.

Lt. Col. James E. Herr, 3247 Erin drive, Granite City, son of Mrs. E. M. Herr, 8903 West Blvd., East, Louis, has been assigned to the Headquarters Army Mobility Equipment Command, St. Louis, as a Program Management Specialist with the Special Items Management Office.

Col. Herr has returned from a year's service in South Vietnam. He holds the Legion of Merit, the Bronze Star Medal and the Army Commendation Medal.

Mrs. Mary Herr, his wife, is the daughter of Mrs. Ann Hartman, 440 Lincoln avenue, Venice. Colonel and Mrs. Herr have four children, Carla, 13; James Jr., 12; Ann and Paul, age 5.

Fishing Derby Awards Given at Rod-Gun Club

The Horseshoe Lake Rod and Gun club has completed a fishing derby for children of members. Those catching the biggest fish by weight were awarded prizes.

First places went to Donnie Cook with a five-ounce fish. For second place, there was a tie between Teresa Sullivan and Robert Clark, each with four-ounce fish.

After the derby, all the children were treated to ice cream, soda, hot dogs and sloppy Joe sandwiches.

The next event being planned for the children is a Halloween party. With a membership of 350, the Rod and Gun club holds frequent activities for the families. Howard Estes, 819 Layton, is president; Mildred Burgess, 1720 Fifth street, Madison, is secretary; and Virgil Layton is manager and treasurer of the club.

The fish caught ranged in weight from a half-ounce to the weight of a five-ounce catch. Children catching fish were Robert Sadtler, Bryant Blair, Mike Sullivan, Mike Kopchek, Shelly Kopchek, Herman Reiser, Robert Clark, Randy Lampe, Donnie Cook, Lonnie Cook, Bobby Cook and Brian Crow.

Funeral Tonight For Shooting Victim

Funeral services for Zemyr Riley, 24, of 601 West Third street, Madison, are to be held tonight in East St. Louis. Riley died Saturday morning after he was shot in a fight outside Madison Garrett's tavern, 327 Weaver street, Venice.

Police charged Erving Young, 44, of 1137 Market street, with murder. He was arraigned Monday and released on \$10,000 recognizance bond. An autopsy on Riley's body was conducted Saturday by Madison county coroner Robert Thomas. An inquest is scheduled later.

Funeral Rites Held for Mrs. Janice Dameron, 29

Funeral services were held at Mascoutah last week for Mrs. Janice K. Dameron, 29, of East Moline, wife of Charles P. Dameron, former Granite City resident. Mrs. Dameron died of a kidney ailment at Glenview Hospital in Illinois. She had been ill six months.

Mrs. Dameron lived in Granite City all of her life until 1960. She was a member of the St. Michael's L. Spears of Granite City. She has been promoted to sergeant in the U. S. Air Force at Biloxi, Miss., where she is a chaplain services specialist. Her husband is a member of the U. S. Air Force, 4841 Lake drive, Granite City.

Hire the Handicapped Week to Be Observed

National "Hire the Handicapped Week" is being observed this year during the week of Oct. 4 through Oct. 10 and Goodwill Industries, along with many other agencies, know much about the subject.

Since its founding in St. Louis in 1918, Goodwill has helped more than 65,000 physically, mentally and socially handicapped, needy and disadvantaged men and women.

They ask not for charity, but a chance to earn self-respect and human dignity with a weekly check repairing their own broken lives by repairing donated items, and learning more than 50 different skills and trades, a spokesman noted.

People like Mr. K. On the night of March 16, 1962, it happened. A security guard at a large bank, Mr. K. became the victim of a hit-and-run accident that resulted in a stay of two and a half years in a hospital. He came out with crutches and a wheelchair. He tried desperately to find a job but nobody would "hire the handicapped." At the age of 29, he went to Goodwill Industries, armed with a training course in electrical repairing. He has been happily earning the minimum wage there since May 1969.

He now skillfully repairs electrical items, radios and television sets from his wheelchair. He is the self-respect, human dignity and confidence that only a weekly pay check can bring. He, like hundreds of other handicapped, would like a job in the outside world of business and industry.

"That's the way it is—because handicapped people are so grateful for a chance to work harder and are more conscientious and loyal than most able-bodied people."

"If you know of a handicapped person, for any reason, have him contact Goodwill, if he has a position open, or know of one, contact the Job Placement Department at Goodwill Industries, 4140 Forest Park Blvd., St. Louis, Mo. 63108."

"Phone (314) 271-6320, or any other agency, or look around your own community. During National Hire the Handicapped Week, think about hiring the handicapped wherever you are and wherever you find them."

"It's good business," the spokesman concluded.

Kucharski Urges Illinois Voters OK Bond Issue

Edmund J. Kucharski, Republican candidate for state treasurer, Monday urged Illinois citizens to help in the fight against water pollution by supporting the 759 million "clean water" bond issue on the Nov. 3 ballot.

Kucharski stated that people have a rare opportunity to support a bond issue to clean up Illinois waters—without also voting for an increase in property taxes.

"Illinois waters are becoming increasingly polluted," said Kucharski. "And the major source of that pollution is from the more than 1,600 sewage disposal operations which discharge daily highly polluted effluent into Illinois lakes and streams."

"The bond issue is intended to stop this by granting local government state aid to cover up to 25% of the cost of clean-up operations. In addition, the bond issue—if passed—would open the door for federal aid of up to 35% of project costs."

C. E. Leonard Promoted To Specialist Rank

Chris E. Leonard, 20, son of Mr. and Mrs. Edward J. Leonard, a parachute rigger in the company, entered the Army in November 1963, completed basic training at Fort Leonard Wood, Mo., and AFB, S. D., graduated in 1965, was last stationed at Fort Lee, Va. His wife, Maella, lives at 2806 Angela drive.

Mental Health Aid to Prisoners Gets Board Nod

The Madison county 708 Mental Health Board approved a proposal to provide psychological assistance for prisoners at the county jail at a meeting last week.

The board approved a budget of \$13,330 for the program, with \$13,000 of the amount to pay the salary of a full-time professional staff member.

The services, proposed by Marshall Smith, assistant state's attorney, will administer psychotherapy and evaluate rehabilitation possibilities of prisoners.

Smith said it is the first program of its type in Illinois and will take effect on Dec. 1. An outline of the project was drawn by the Madison County Mental Health Center at Alton.

Smith previously suggested that two-thirds of the jail inmates are in need of mental health therapy, and further help could be provided by mental health centers in the county after their release.

The program could more than pay for itself in reduction of the crime rate if even one of every 100 prisoners was rehabilitated, Smith said.

Terry L. Pals Assigned To St. Louis Command

Public's 'Right to Know' Was Not Won Easily by American Citizens

By GEORGE SPEERS
Chairman, Department of Journalism, Northeastern University
(First of a series)

Newspaper journalism began in this country just 280 years ago. But there were no celebrations, speeches, proclamations, or any special occasions to mark the auspicious event.

As a matter of fact, when the PUBLIC OCCURRENCES, BOTH FOREIGN AND DOMESTIC, the nation's first newspaper, "hit the streets" in the town of Boston on the morning of Sept. 25, 1769, there was considerable apprehension and a feeling of foreboding.

To be sure, the little four-page newspaper was eagerly accepted by the legal residents, and a number of fact, every copy was snatched up. The demand far exceeded the supply.

And the little paper carried a wide variety of news stories never before produced in the Colonies.

There were stories about a smallpox epidemic in Boston, a kidnapping of two children by Indians, a suicide by a depressed old man, who recently lost his wife, a fire that destroyed 20 homes.

There were reports of the labor shortage and the difficulty of harvesting the crops, an account of skirmishes among the French, Indians, and American troops, and even a story about a Bostonian who had been arrested for the murder of King XIV of France.

There was no doubt about it, the little paper was published an exciting little paper.

But the trouble was he had committed a crime by publishing his newspaper. And it was a serious crime, at that. It could mean a jail sentence.

The law at that time, as Ben Harris knew very well, was that a license must be obtained before any printing was done, and most certainly if the printing contained public information about governmental activities.

But Harris took a long chance and waited. He didn't have to wait very long.

He was summoned before the Colonial Governor and Council to explain why he had violated the Regulation of Printing and Licensing Act of 1766.

Why, he was asked, didn't he first obtain a license before putting out the newspaper as required under the act?

Harris, of course, really couldn't answer the question. He knew very well, however, that a license meant prior approval by the government of the contents and that meant a dull, uninteresting, not too-informing publication.

The fact that Harris put out an interesting newspaper that was extremely popular, probably saved him from a jail sentence.

The law was violated, of course, but even the stern Colonial authorities were loath to press too far against the new popularity of editor Harris.

Harris was not jailed. He prevailed from even publishing again in the American Colonies.

His one issue of PUBLIC OCCURRENCES, was published by the Governor and Council would tolerate.

In the proclamation issued by the Governor and Council, the official position about publishing newspapers without a license was made very clear in the following words:

"The Governor and Council having had the papers of the said pamphlet, and finding that therein is contained reflections of a very high nature; and also sundry doubtful and uncertain reports, do hereby manifest and declare their high resentment and disapproval of the said pamphlet, and order that the same be suppressed and called in."

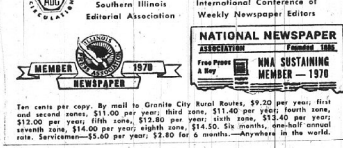

"Strictly forbidding any person or persons for the future to set forth anything in print without license first obtained from these that are or shall be appointed by the government to grant the same."

The point was made and the lesson was learned about publishing newspapers without permission.

Fun Fair Saturday, Sunday Will Inaugurate Annual United Fund Drive in This Community

Ish, the tiger, thinks Quad-Cityans would enjoy a visit to the United Fun Fair Saturday and Sunday at the Wilson Park ice skating rink-recreation center, and we do, too. Hours will be 1 p.m. to 9 p.m. each day.

The friendly symbol of the fair has as his helpers Raggedy Ann, Raggedy Andy, Tabby the cat, Ari the dog and Timmy Teddy the bear. All will be doing their best to make the two-day fun extravaganza a success and to get annual United Fund campaign off to a fast start.

The attractions at the Fun Fair speak for themselves—a vast assortment of gifts and prizes, a large variety of activity booths and displays, and a diverse array of entertainment, including such groups as the Checkerboard Squares square dancing troupe, Mr. Patches, the Sweet Adelines quartet, and women's vocal choruses, Eagles kitchen band, Mexican dancers and Aina Temple Shrine Oriental band.

Attractions of the United Fund are equally impressive—vital services, recreation programs and health research and aid by such agencies as the Alcoholics Rehabilitation Community Home, American Red Cross, American Social Health Association, Arthritis Foundation, Boy Scouts, Girl Scouts, Catholic Charities, Protestant Welfare, Coordinated Youth Services, Family Service Agency, Fraternal Society of Retired Members, Granite City Association for Retirees, Health Services Fund, Tri-City Area Young Men's Christian Association, Madison Teen Town, Salvation Army, United Service Organizations, Visiting Nurse Association and Illinois Children's Home and Aid Society.

Souvenir aplenty will be given to all those who visit the Fun Fair, and the wealth of rides, skill displays and competitive games shows makes it a most enjoyable and pleasurable time for all who participate. Better still, all the proceeds will go to a deserving cause—the Tri-City Area United Fund.

We'll see you there.

But Will It Improve the Train Service?

A dispatch from New York says that three Wilson, Conn., men, all riders on the Penn Central commuter train, have developed a doll called Pancha-Coach. Selling for \$4.95, the inflatable plastic figure, complete with a mad-dogging smile, is described as ideal for those frustrated by train delays.

With 3 Months Off, Pupils Forget Much of What They Had Learned

IMPLICATIONS OF THE 45-15 PLAN of the Valley View School District, Romeoville, Ill., is that it is rarely justified to move such students ahead or hold them back an entire school year.

So what do the schools do? They pass them on unprepared or insufficiently challenged.

Either way, the child is lost. In the 45-15 Plan, the child is evaluated every 45 school days, or about the same span of time for which schools presently issue report cards.

It is found desirable to have the student repeat his school work, the school, in consultation with the parents, will enroll the child in his next school year.

Schools have been criticized both for their failure to meet the needs of the under-challenged student as well as their inflexibility to adjust to the slow learner.

This same procedure can be utilized to advance at a pace more appropriate with his abilities.

Burnett Promoted to Police Chief of 1945 Granite City Department

Patrolman Eugene Burnett, a member of the Granite City police department for six years, was elevated to chief of police on the basis of a competitive examination given by the Board of Fire and Police Commissioners.

The first full meeting of the Modern Study club was held in the home of Mrs. Mary V. Venable, the president. Mrs. Paul Pernworth, president and the year's work and programs were outlined.

Bi-State Wharf Here Thriving, Bus System Needs More Help from State Legislatures

The 1969-70 annual report of the Bi-State Development Agency, Missouri-Illinois Metropolitan District, contains both good and bad news.

Tonnage moved through the agency's Granite City Wharf and Public Terminal rose 60% from 47,273 tons in 1968-69 to 75,559 tons. A new 16,000-square-foot dockside warehouse built by the agency was placed in service, increasing to 31,200 square feet the total enclosed storage space at the terminal.

But operation of the Bi-State Transit System were down slightly, due to a further decline in passenger revenue. This reflects national trends of decreasing patronage for surface transit systems.

Increased automobile use has affected all major public transportation systems in the U. S.; there has been a marked decline in nighttime and weekend use of buses as well as daytime bus commuting to jobs and shopping.

Helpful federal grants have been received for purchase of equipment, but Bi-State is not receiving a sufficient amount of federal aid to meet its needs.

The Missouri legislature took no action whatever to aid public transportation.

Both legislatures ought to give renewed attention to the subject. As Robert S. Knapp, agency chairman, has pointed out to Governors Hearnes and Ogilvie, there is major state and federal interest in encouraging development of rapid transit systems.

In connection with rapid transit, we hope that the states will not lose sight of the fact that the continuation of our existing public transit system is vital. Our community have recognized that the first step toward realization of our rapid transit plan is the upgrading of the existing public transit system. Unless this is done, there will be no base of public ridership from which the rapid transit patronage can be built up.

Question by Lenin, Answer by Jefferson

Nikolai Lenin: "Why should freedom of speech and freedom of the press be allowed? Why should a government which is doing what it believes to be right allow itself to be criticized?"

"It would not allow opposition by lethal weapons. Ideas are much more fatal things than guns. Why should we be allowed to buy a printing press and disseminate pernicious opinion calculated to embarrass the government?"

Thomas Jefferson: "When the press is free and every man may publish what he pleases, every man publishes what he knows to be true."

"We are left to me to decide whether we should have government without newspapers or newspapers without government. I should not hesitate for a moment to prefer the latter. But I should mean that every man should receive those papers and be capable of reading them."

The 45-15 Plan offers improved flexibility in curriculum planning by reviewing the work of the previous school year.

With a three-week interlude between there is every likelihood of fewer study habits will be broken and less time will be necessary for review.

Valley View has been awarded a federal grant to ascertain the effects the 45-15 Plan will have on the study habits and the advancement of knowledge.

Children thrive on being kept mentally, physically and morally active. The opportunity to look forward to another 15-day vacation which allows the student time to forget their lessons, to enjoy recreation and cultural activities that occur during seasons other than summer.

When school commences in September, the teacher may meet several weeks or more pre-established study habits reviewing the work of the previous school year.

PUBLIC OCCURRENCES

Both FOREIGN AND DOMESTIC.
First published Sept. 25, 1769.

It is difficult, that the Country has in fact, been so long without a newspaper, as to be surprised that it should now be so generally desired. The public mind is now so much improved, that it is necessary to have a paper to inform it of the state of the world, and to give it an opportunity of expressing its sentiments on the various events that are passing in it.

Patricia Rutkowski, Stephen Tuthill Wed

The wedding of Miss Patricia Rutkowski, a daughter of Mr. and Mrs. Michael A. Rutkowski, 227 Emerit avenue, and Stephen E. Tuthill, whose parents are Mr. and Mrs. F. Ernest Tuthill of Hillsboro, Ill., took place Sept. 26 at the Nameoki United Methodist Church.

The candlelight ceremony was performed at 7 o'clock in the evening before the altar decorated with bouquets of white flowers, and white bows adorned the family pews. Rev. William Fester officiated.

The bride wore a gown of satin organza and Alecon lace. Semi-Empire in style, it was fashioned with a high neck and long sleeves ending in tight lace cuffs. A madonna veil of imported silk illusion and lace swept into a graceful chapel train. White Sweetheart roses made up the bride's cascade "bouquet."

Miss Janet Rutkowski, a sister of the bride, was her only attendant. She was attired in a blue floor-length gown with a semi-Empire bodice and short sleeves. She carried a nosegay of blue and white mums with blue velvet ribbon.

Daniel Hucker was best man and Raymond Becerra and David Oberlink served as ushers. The candles were lighted by Nancy and Deborah Reeves, of Indiana, cousins of the bride.

Mrs. Margaret MacZura, vocalist, was accompanied at the organ by Neal Seymour. She sang "Whither Thou Goest," "One Hand, One Heart," and the Lord's Prayer.

For her daughter's wedding Mrs. Rutkowski was an aqua

worst silk dress with lace trim and pearl accessories. Mrs. Tuthill chose a colorful Oriental silk dress with pearl and gold accessories.

A dinner and reception were held at the Round Table restaurant in Collinsville after the ceremony. Miss Phyllis Rosenberg and Miss Jo Ann Summerford were in charge of the guest book.

The bride attended Southern Illinois University, Carbondale, for three years. She is a member of the Accounting Club and Phi Gamma Nu Sorority. Mr. Tuthill graduated from SIU, Carbondale and has completed a year's work toward a master degree in Botany.

Out-of-town guests here for the wedding were Mr. and Mrs. Alvin Reeves of Griffith, Ind., Mr. and Mrs. John Henderson, also of Indiana; Dr. and Mrs. James Teller, Mr. and Mrs. Vernon Washburn, and Dr. and Mrs. T. A. Beach of Hillsboro, Ill.; and Miss Connie McNeely of Witt, Ill.

Wilson Park to Have 'Burning at the Stake'

Although swamp crossing, radioactive isotopes, burning at the stake—all these at Wilson Park?

Don't panic; these are names given to scout events at the 50th anniversary Boy Scout camporee to be held Oct. 8, 10 and 11 in the park, John Pekarik, 2609 Adams street, council camporee chairman, announced today.

Over 600 scouts and 150 adult leaders will be camping in the park, William F. Winter, council activities chairman, announced.

"Organizers of the event are making plans to make this the best scout outing in the 50-year history of the Chokoma Mound Council," he commented. Boys and leaders from the southern half of Madison county and all of Bond county will be coming to Granite City for the event.

Emphasis will be on the patrol method—scouts working in groups of six to eight boys under boy leadership.

They will be camping in tents, cooking their own food, hopefully eating the food they cook, and participating in skill events designed to teach them self-reliance.

The Saturday morning of the camporee will feature "tin-cookery." Council President G. Rollin Hern reports, "In the earlier years of scouting, Boy Scouts had to make their own equipment, which included

their own cooking and eating utensils, and this is what they will be doing again."

After a day of skill events, a gigantic campfire program will be held. The Sturdy campfire, beginning at 8 p.m., will include group singing, stunts and skits performed by the scouts. Mick Strange of Madison will be the campfire master-of-ceremonies.

Residents of this area are being invited to the park to see the scout program in action anytime during the weekend.

The entire family will be welcome to participate with the scouts in the campfire program Saturday night, Strange says.

District Commissioner Ted Scrum, 3026 Warren avenue, will be in over-all charge of the skill events.

Zane Miller, 917 East Chain of Rocks road, and Lon Stone, Rural Route Two, are co-chairmen of the "tin cookery" activity. Bill Jrelan, district scout executive, is the staff advisor from the council office.

Eight-year-old Cheryl Baker, who was struck by a car in Venice Friday, has been taken out of intensive care at Jewish Hospital in St. Louis, according to her father, James Baker, 1239 Robin street, Venice.

The girl suffered fractures to three ribs, the left thigh and leg, and injury to the left eye in the mishap.

'Rumpelstiltskin' Performances Set

A number of "firsts" is planned by the Masquers this month in conjunction with the theatrical group's initial children's theatre presentation, "Rumpelstiltskin," to be staged on two consecutive Saturdays, Oct. 24 and Oct. 31 in Collinsville, and on Saturday, Nov. 14, in Granite City.

The Masquers company, headquartered in Collinsville, but with many Quad-Cityans among its membership, will present "Rumpelstiltskin" as the first all-children's theatre performance.

The production will be offered the public for the first time in the Masquers new home—the RAC Miners Theatre, located at 204 West Main street, Collinsville, and the show will be the first live performance on the Miners Theatre stage in many years.

To encourage more youngsters and their families to view "Rumpelstiltskin," the Masquers have priced tickets at only 30 cents per person, with a \$1 ticket permitting an entire family to see the show, an official explained.

In addition, anyone purchasing a season ticket, good for future Masquers productions, will receive a free ticket to the children's fairy-tale play.

Adult season tickets cost \$4, while a \$8 fee is charged for student season tickets. Both may be purchased from Masquers members or at the box office at "Rumpelstiltskin" performances.

Three up-coming productions planned by the theatrical group include "A Thurbur Carnival," "The Crucible" and "Mame."

The Illinois State Chamber of Commerce has endorsed ratification of the proposed 1970 Illinois Constitution in the Dec. 15 special referendum.

In announcing the action by the organization's board of directors, State Chamber President William J. Crowley said this week:

"The Chamber has found the proposed new constitution to be a better-balanced document for the future economic, social and political growth of Illinois than the present 100-year-old constitution."

"As a result, we urge all citizens to approve the new constitution, and the State Chamber will actively work for voter acceptance."

The Chamber campaigned for the call of the convention and approved a broad program for constitutional reform, and its committees followed all Con. deliberations. And members of its staff were in regular attendance in Springfield during the convention's sessions.

Improvement Over Past
"While we may disagree with some features of the proposed new document, reasonable men should agree that, on balance, it represents a significant improvement over our existing state charter."

"The product of the Sixth Constitutional Convention deserves the support of the people of Illinois. We urge everyone to join in a nonpartisan campaign to assure its adoption."

Many of the State Chamber's recommendations for constitutional reform were adopted by the Con. in whole or in part, such as a state board of education with an appointed chief school officer; state elections in non-presidential years to focus attention on state issues.

Eased requirements for improving future state constitutional amendments; eased redundancy requirements for voting on state, local and national offices; the governor and lieutenant governor running as a team in elections.

Strengthening provisions for discipline, removal and tenure of judges; self-executing provisions outlawing discrimination in employment and housing for all persons; and deletion of outdated and inadequate sections.

The areas of major interest to the business community in the new constitution are the taxing and bonding rights granted to state and local governments. It is these sections which will most pointedly display the state's attitude toward business and establish the state's business and economic climate in the years ahead.

"Although some provisions are considered less desirable by segments of the business community, the possible economic benefits of the complete document—compared with the present state charter—outweigh the disadvantages and allow greater protection to the taxpayer than does the present document," Crowley said.

"The proposed constitution orders the General Assembly to abolish all personal property taxes no later than Jan. 1, 1979. Although this is not a self-executing provision, the State Chamber feels confident the legislature will abolish this pernicious tax within the eight-year period."

"Can Con's mandate requiring the General Assembly to levy a state-collected tax on corporations to replace the lost personal property tax should eliminate the wide variances and discriminatory assessments in practices associated with the personal property tax. This in itself would be a giant step in improving the state's business climate."

Indirect Limitation
The present constitution is silent on the income tax. But since the tax has been declared legal by the Illinois Supreme Court, the rates both for individuals and businesses have no limits whatsoever.

"The proposed charter, requiring a flat-rate state income tax, does not include a rate ceiling but the requirement that corporations shall not be taxed at more than an 8 to 5 ratio with individuals would in effect be a practical tax limitation, by limiting all citizens of Illinois—both individual and corporate taxpayers—in demanding reasonable and equitable income tax rates."

"This would be particularly desirable toward attracting business and encouraging the expansion of existing firms, thus enhancing the future business and job opportunities in the state."

"However, the undesirable features of allowing all counties with more than 200,000 population to classify real estate for taxing purposes could offset the advantage of the income tax requirements unless safeguards are enacted by the legislature. At present, this would affect seven counties in Illinois."

"But the addition, by the convention, of a requirement that the highest real estate class shall be assessed no more than 2 1/2 times the lowest and allow the General Assembly authority to regulate classification practices by a simple majority of both houses, could ease the impact of this undesirable feature."

True Sales Tax, Exemptions
The new document also allows the General Assembly to enact a true sales tax and to allow exemptions for the necessities of life. It should be kept in mind, however, that such exemptions would seriously reduce the tax collections under the sales tax and force increases in other taxes, of which the General Assembly will be made aware."

"The proposed charter also modernizes the state's bonding provisions by allowing the legislature to authorize issuance of true revenue bonds with only a simple majority of the House and Senate."

Constitution Draft 'Balanced Document' For Economic, Social, Political Growth

This in itself would be a giant step in improving the state's business climate."

"The new proposal also allows cities of 25,000 population and all counties with elected chief executive officers to exercise extensive home rule powers with broad authority to tax and license without interference by the state, but it does prohibit local income taxes and licensing for revenue unless authorized by the General Assembly."

"It also provides some protection in the event local governmental units arbitrarily use these powers by giving the state legislature the mechanism to override unwise local decisions."

New Vistas for Progress
"Singly, many of the provisions of the new constitution might be found undesirable for one reason or another," Crowley said. "The State Chamber realizes that some of the taxing provisions contained in the charter could be so used as to be hazardous to the business climate; however, there are desirable offsetting provisions which balance the total product."

Concluded Crowley: "When the total con con package is carefully weighed and studied, the new state charter could open new vistas for the future progress of Illinois which would be impossible under the present document."

The proposed charter will be explained at a forum titled "Can Con Confronts the Voters" at 9 a.m. Friday in Chicago's Conrad Hilton Hotel, as part of the State Chamber's 52nd annual meeting. Samuel W. Winter, con con president, and the nine con con committee chairmen will explain the proposed articles.

Forms Available for Retiree Withholding

Forms for retired people and others to request withholding of Federal income tax on pension and annuity payments are available at Internal Revenue Service offices, Jay G. Philpott, District Director for Central and Southern Illinois, announced today.

New IRS regulations permit retirees to request withholding on annuities and pension payments made on or after Jan. 1, 1971.

The withholding provisions do not apply to annuities that are wholly exempt from Federal taxation, such as social security benefits and Veterans Administration pensions, Mr. Philpott said.

Form W-4P, Amnuitant's Request for Federal Income Tax Withholding, should be filled out by the retiree and sent to the bank, insurance company or other payer from which he receives his annuity or pension payment.

Since payers do not have to begin withholding until three months after the Form W-4P is filed, retirees who want withholding to begin next January should file Form W-4P by October 1, 1970. Payers may begin withholding anytime after they receive the Form W-4P but not before January 1, 1971.

22 To Graduate In First Water Treatment Class

Twenty-two area residents will graduate Thursday from the first local Water Treatment Plant Operators Training Program designed to upgrade sewage treatment plant operators.

Graduation ceremonies are scheduled for 7 p.m. today at a dinner meeting and program at the Sunset Hill Holiday Inn.

Those graduating include Robert Byrne and Eugene Hoffman of Granite City.

Principal speaker for the graduation exercises will be John Ropes, chief of the State and Local Manpower Development Branch, Division of Manpower and Training, Federal Water Quality Administration (FWQA).

Of the twenty-two participants, three are employed by private industry, one by the Alton State Hospital, one by Southern Illinois University, and the remaining seventeen by thirteen different communities. Each student will have as his guide the man directly responsible for the operation of the plant at which he works.

This free tuition State-Federal program was supervised by the Manpower Development and Training Office. The Certification Committee of the Illinois Environmental Protection Agency anticipates that completion of this program will be equivalent to one year's college credit.

The students have gained experience equivalents and education to prepare them for various levels of State certification.

The twenty-two graduates completed 44 weeks of training involving a total of 220 classroom hours under a \$17,000 grant from the Federal Water Quality Administration.

Clifford Fore, SIU instructor and supervisor of the University's water processing plant, and George Hansberry, Assistant Professor of Chemistry, conducted the program.

Since the students had different amounts of experience and needed special instruction on specific treatment processes relating to their employing plants, the program had to cover a wide range of subjects. Basic areas covered included: math; communication skills; physics; chemistry; electricity and biology related to waste treatment; lab work; plant operations; maintenance and safety.

Anti Pollution Efforts Spurred By Tax Incentive

Among states offering tax benefits to industry as an incentive to reduce air and water pollution, Illinois is "above average," according to Edward Robertson, chairman of the committee on taxation of the Illinois Society of CPAs.

Seven states, Robertson said, encourage industry to cut down on air and water contamination by extending benefits in all major tax categories, including property, sales and use, and income or franchise taxes on purchases of pollution control equipment.

Thirteen states have no anti-pollution tax incentives at all. Illinois, he said, permits air and water facilities to be valued for property tax purposes in relation to the fair cash value of their economic productivity.

It also exempts such facilities from retailers' occupation tax, service occupation tax and service use tax, Robertson said. In addition to the states' efforts to encourage reduction of pollution through use of the tax incentive, Dickey said, the Federal government, in the Tax Reform Act of 1969, provided for 5-year write-offs in the depreciation of anti-pollution equipment installed in plants in operation before 1969.

Numerous bills are pending in Congress, he said, for further anti-pollution tax incentives. The National Association of Manufacturers has published a booklet outlining existing tax incentives, state by state.

Ainad Oriental Band to Perform Sunday at Fair

The widely-acclaimed Ainad Shrine Temple Oriental Band is stirring performances have thrilled countless thousands since the organization was formed in October 1967 will entertain from 7 to 8 p.m. Sunday at the 1970 United Fund Fair in Wilson Park rink pavilion.

Announcement of the Oriental Band's inclusion in the line-up of outstanding entertainment to be offered this weekend to Fun Fair-goers was made by Carl Mathias and Leo H. Konzen, co-chairmen of the Tri-Cities United Fund kickoff extravaganza.

Other popular groups scheduled to appear during the two-day Fun Fair show are the Checkerboard Squares dance team, The Sweet Adelins, the Eagleaires Kitchen Band and the Mexican Dancers.

Led by the colorful, scimitar-swinging drum major, the Oriental Band is composed of 34 members and two honorary members. Originally, only eight men comprised the distinctive music group.

Marshall, who will be seen here Sunday, was singled out earlier this year for his prowess with the scimitar and received the highest award as best drum major at the annual Great Lakes Oriental Band Association contest, staged at Peoria.

Competition at the event involved bands with a total membership of more than 700 musicians from areas of Illinois, Minnesota, Michigan, Wisconsin, Indiana, Ohio and Ontario, Canada.

Census Bureau Plans Consumer Buying Check

Questions on consumer buying and home improvement expectations will be asked by representatives of the Bureau of the Census in this area during October, according to Curtis T. Hill, director of the bureau's regional office in Chicago.

The questions are asked four times yearly as part of a nationwide effort to collect information as a guide to Federal agencies and other groups in developing programs based on consumer spending patterns. A sample of residents in this area will be asked if they expect to buy a house, car, or major appliance during the next year and if they have made recent purchases of these items. Homeowners will be asked about home improvements and repairs during the last three months and any planned for the future.

In the second quarter of 1970, the survey indicated that consumer plans to buy new houses rose after a two-year decline

1971 Oldsmobiles Feature Extensive Restyling

The new 1971 Oldsmobiles are more extensively restyled and incorporate more important engineering advances than any models in the division's modern history. William Woodrome, operator of Woodrome Oldsmobile, Inc., 1005 Madison avenue, said today.

He explained that "the sporty appearance of Oldsmobile's Cutlass models has been enhanced, the full-size 88's and 98's are completely new, and the Toronado—which is changed in both styling and concept—becomes a car of unique and unmistakable elegance.

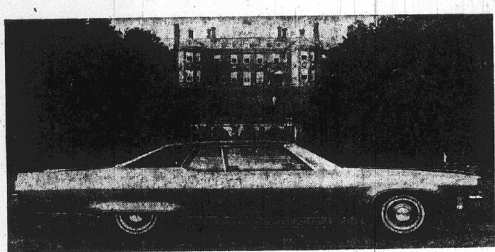

"While retaining all the advantages of front wheel drive," Woodrome continued, "the Toronado is also designed to be the most beautiful, the most striking automobile in America. I believe it will have great impact on the luxury, personal car market."

The Toronado wheelbase of 122 inches is three inches longer than previous models. It is a roomier automobile, particularly in front and rear seat shoulder room where measurements are increased over five inches.

Exclusive Features
Exclusive to the new Toronado are high level auxiliary signal lamps built into the rear of the car to more effectively signal stops and turns to following drivers.

Woodrome also revealed that Oldsmobile in 1971 will offer one of the widest selections of station wagons in the industry.

"For the first time since 1964," Woodrome said, "Oldsmobile will market a full-size wagon, the Custom Cruiser. With its addition, our fleet of wagons is expanded to five models. They include the Cutlass Cruiser, the highly popular

ELEGANCE AND LUXURY are combined in Oldsmobile's 88 lineup for 1971, which includes the Coupe shown here on display at Woodrome Oldsmobile Inc., 1005 Madison avenue. The new Oldsmobile offers an increased curve of the body side surface, flush mounted glass and a cantilever styled roof, all combined to make the 1971 Oldsmobile more popular than ever before.

tributes to this sleek appearance. Front pillars are slimmer, offering less obstruction for better visibility.

He explained the roof is of cantilever styling, strengthened by the addition of a new full inner panel construction. Increased body dimensions permit greater interior roominess—more leg room, head room and shoulder room, front and rear.

New Instrument Panel
"The new instrument panel," he said, "provides exceptional service accessibility. Not only are all controls in clear view and within easy reach of the driver, but all units are easier to service than ever before."

Switches snap in and out. The radio, clock, instrument cluster, and heater controls are easily removable. In all parts of the car the reliability of the electrical system has been improved by enclosing the main wiring harnesses in a protective plastic conduit.

In a new steering wheel design for the 88's and 98's the center pad area becomes the horn button. It may be pressed at any point on its broad surface to actuate the horn.

The interiors of all 1971 Oldsmobiles, from the Cutlass models on through the 88's, 98's and the Toronado, are flawless in detail, and are succeeding more luxurious and beautiful, Woodrome added.

He said that suspension improvements in the 1971 Oldsmobiles will result in the most impressive ride in the industry.

Superintendent of Streets William Warfield.

A bill for \$20 submitted by Charles Baumeier, 2111 Bryan avenue, was approved by council members who were informed by letter that the money would be used to replace a pair of trousers which Baumeier tore in a fall, and to pay for groceries that were damaged in the fall.

Baumeier said he was on his way home from the store about 6:30 p.m. Sept. 4, carrying his groceries and a carton of soda, when he stepped on a manhole that he said caused him to fall into the manhole. He said he caught himself at the edge of the manhole and was able to pull himself out, but his trousers were torn and his groceries ruined.

Council members concurred in the promotion of Charles Ready of the fire department from plumber to engineer. The promotion, recommended by the board of Police and Fire Commissioners, was made to fill the vacancy created by the retirement of James Sappington.

A request by the Standard Oil Co. for a permit to change entry locations at a service station that is being remodelled at 2200 Ponton road was referred to the City Planning Commission.

Notice that a law suit is to be filed against the city in behalf of Nellie Hrysko, 1533 Sixth street, Madison, was given the council by letter. The notice said the woman was injured in a fall caused by an irregular section of sidewalk on March 28.

A resolution to transfer \$47,635 from the sales tax fund to other accounts to meet current claims also was approved.

A total of 137 fire, safety, police, and civil defense officials from throughout the state enrolled for the first annual Ronald Behrend Arson Seminar at Illinois State University yesterday through tomorrow.

The seminar is being sponsored by ISU, the cities of Bloomington-Normal, and the fire prevention division of the state Department of Law Enforcement. Subject matter will include incendiary devices, bombs, explosives, civil disturbances, arson photography, interrogation methods and investigation.

Policeman, Other Officers Named By Mayor Sasyk

The appointment of Donald Lee Briddick, 1125 McCormick avenue, to the Madison police department as a new patrolman with a 12-month probationary status was approved by the Madison city council Tuesday night.

Other appointments announced by Mayor Mike Sasyk and approved by the council, included Gene E. Robertson as assistant health officer and Curtis King sr., assistant building inspector.

Named to serve with the city fire department on a six-month probationary basis were Bob Bullard and George Wallace. All appointments are effective today.

Madison Police Chief Frank Duda also recommended and received approval for appointment of 21 men to the community's Auxiliary Police department.

Name Auxiliary Police
Auxiliaries to serve during 1971 are:

Fred Trebing, 1824 Sixth street; Gene Robertson, 1804 Sixth street; John Pittman, 204 West 2nd street; Robert Wilson, 1927 Harris street; Pete Fevick, 923 Grand avenue.

Steve Skundrich, 1617 Elizabeth street; John Stanek, 1439 Third street; Joe Scrim, 1619 Second street; Louis Byrd, 920 Jefferson street; Lonnie Wood, 935 Reynolds street.

'Mackinac Island' Setting For Grassy Lake Laboratory

Ten former Job Corps Center buildings will be moved soon from the Crab Orchard National Wildlife Refuge to the Illinois Wildlife Laboratory, Little Grassy Lake Outdoor Laboratory.

L. A. (Arch) Merhoff, refuge project manager, said SIU has been granted the metal-skinned structures for the next 10 years under a special use permit from the U. S. Bureau of Sport Fisheries and Wildlife. They will be used at the Outdoor Laboratory as part of a two-year old project by SIU and the Refuge for developing joint public conservation education programs.

Plans call for the buildings to be used for dormitories, study rooms, a physical plant office, administrative annex and a new center for developing a preparation center near the existing entrance to the Laboratory off the Giant City Park blacktop road.

Return to Horse Era
When they are ready, the Laboratory's interior roadways will be closed to private motor vehicle traffic, and the age of the horses will be re-established to the area.

Paul Yarnert, SIU dean of the College of Veterinary Medicine, said it will be a major step toward introducing a "Mackinac Island" atmosphere; no auto

traffic within the 6000 acres of the Laboratory.

Yarnert said most service and delivery vehicles will be stopped near the main entrance and their cargo moved inside by horse or tractor and wagon.

When the Mackinac plan is in full operation, food preparation will be switched from the present Camp Little Giant dining hall to the entrance road complex. Meals will be delivered from there to the interior by insulated units on wagons.

The Crab Orchard Job Corps Center was opened in 1968 and closed in July 1969. Its buildings were assembled from mobile-home type modules.

Dormitories, Dispensary
Included in the transfer, complete with equipment and furnishings, are three dormitories, a dispensary, an educational building, conference and administrative centers, a 37,000 foot mess hall with kitchen, a graphic arts building, and a physical plant covering more than 11,000 square feet.

John Loneragan, associate SIU architect, said during restoration the buildings will be treated to complement the Laboratory's generally pastoral setting.

The outdoor Laboratory, first opened in the mid-1950s, is being developed for year-round field education programs in conservation and the environment.

Tickets on Sale For Band Parents Supper

Tickets for the eighth annual Pancake and Sausage Supper of the Granite City High School Band Parents' Association, to be held in two weeks, are now on sale and can be purchased from any Granite City high school band student, it was announced today.

This year's event is scheduled for Oct. 15, from 5 to 8 p.m. in the high school cafeteria, with proceeds helping finance the annual band tour, planned next spring.

In recent years the band has visited New Orleans, La., Pensacola, Fla., and Galveston, Texas. The location of this year's event has not yet been decided. The band presents concerts and acts as a good-will group during the tours.

Cost of the tickets is \$1.25 for an adult and 50 cents for a child. They also will be available at the door.

City May Use MFT Funds for Street Signs

Under a liberalized ruling by the Illinois Division of Highways permitting use of motor fuel tax funds for installation or maintenance of street name signs, Granite City will be able to rehabilitate and update its present street sign system, it was suggested in regular council meeting Monday night.

One of the new policy allowing motor fuel tax expenditures for street sign purposes was given council members by letter from state highway officials who said the funds now may be used to place or maintain signs on streets of regularly designated names.

In the past the state has not permitted use of motor fuel tax monies for either sign installation or maintenance.

Alderman Walter Noon, pointed out that the city has a large number of unmarked streets, suggested that the aldermen of each of the city's seven wards prepare a list of streets that need marking to be reported later for development of an installation program.

To Attend Convention
Plans were discussed during the meeting for attending the annual convention of the Illinois Municipal League in Springfield beginning Saturday and continuing through Tuesday morning. Most of the 15-man council and Mayor O. Donald Partney plan to attend the convention.

Partney announced that he has arranged a meeting between Granite City council members and representatives of the Illinois Division of Highways to discuss questions concerning highway projects in and around Granite City. The meeting has been scheduled for 4 p.m. Sunday in the St. Nicholas Hotel.

The council approved on final passage an ordinance establishing traffic stops for eastbound and westbound traffic on Leonard street at Warren avenue, and approved another ordinance to prohibit littering on the old Terminal Railroad tracks from Nameoki road to Kate street.

Request for a permit for the annual Halloween parade sponsored by Moose Lodge 272 was approved with the provision that parade arrangements would be under supervision of

Superintendent of Streets William Warfield.

A bill for \$20 submitted by Charles Baumeier, 2111 Bryan avenue, was approved by council members who were informed by letter that the money would be used to replace a pair of trousers which Baumeier tore in a fall, and to pay for groceries that were damaged in the fall.

Baumeier said he was on his way home from the store about 6:30 p.m. Sept. 4, carrying his groceries and a carton of soda, when he stepped on a manhole that he said caused him to fall into the manhole. SIU-SW Student Play Audiences Show Big Rise

Average attendance at University Theater productions at SIU-SW has more than doubled in the past five years, Director Lynn Kluth reports.

Four-night stands during the 1969-70 season brought an average of 1900 as compared to 800 five years ago. "Sweet Charity" drew 2302 this summer for an all-time high. Kluth attributes attendance increase to the quality of student performances.

Enrollment in theater and dance has increased by 70%. The local campus now has 72 majors in that area, 30 minors and an additional 38 enrolled in at least one course on an elective basis.

During the 1970-71 season, the University Theater will present two major shows each quarter. Previously, only one production has been presented quarterly.

"Summertime" by Rod Coward will be presented Nov. 27 and Nov. 17-21 in the studio theater of the Communications Building. The accountancy is being given because of limited seating in this particular theater.

On Nov. 10-14, "Mother Courage" by Bertold Brecht will be presented in the larger theater. In addition to these major productions, theater and dance students will furnish entertainment once each month for the University Center Board-sponsored "Coffee House" and will perform for women's organizations in this region. Kluth said.

All University Theater productions are open to the public admission free.

Voter Registration Deadline Is Oct. 6

Some voters take an interest in politics up to election day and then suddenly realize they are not registered to vote. Officials say there is no reason for this; registering is easy, and it takes only a few minutes.

But voters must register by Oct. 6 in order to vote Nov. 3. A prospective voter may register if he has lived in Illinois for a year, in Madison county for three months and in his precinct for 30 days by election day. The Madison county registrar is Miss Eulalia Hotz, county clerk.

Services Held Monday For Herbert Gerbig, 62

Funeral services were held Monday for Herbert Gerbig, 62, of 3802 Franklin avenue, a retired plant supervisor who died at 10 p.m. Thursday at St. Elizabeth Hospital, following an apparent heart attack. He was admitted at the hospital about four hours earlier, after collapsing suddenly at home.

Born at Peter's Station, Mr. Gerbig was a life-long resident of the Quad-City area. Prior to retirement in 1968, he was employed many years as a supervisor at Granite City Steel Co. He was a member of St. Peter United Church of Christ.

Surviving are his wife, Mrs. Mae Gerbig; two sisters, Mrs. Arthur (Hilda) Schen of Edwardsville and Mrs. Edward (Clara) Cramer of Alton; and several nephews and nieces.

Chevrolet Marks 60 Years With Broad New Car Line

Chevrolet observes its 60th anniversary in 1971 with the broadest coverage of the passenger car market in its history. Jack Matthews, operator of Matthews Chevrolet Co., announced today as new 1971 models went on display at the agency show rooms, 1511 N. Ringhaus avenue.

"Our new cars reflect Chevrolet's intention to keep pace with changing needs and preferences of American buyers throughout the 1970's," Matthews said.

"From the most luxurious full-size Chevrolet ever built to our new Vega 2300 economy car, we have a 1971 automobile to match each customer's life style. Each car line responds to today's strong consumer desire for maximum value, utility and quality."

The new Chevrolet, Station Wagons, Chevelle, Monte Carlo,

THE CHEVROLET CAPRICE for 1971 will be one of the showstoppers at Matthews Chevrolet Co. showroom where new car models are now on display. An extended wheelbase, a new flowthrough ventilation system, a power disc-drum brake system and an improved suspension are among the features expected to make the 1971 Caprice a favorite among car buyers this year.

Nova, Camaro and Corvette went on sale in "dealerships" Tuesday, Sept. 20. Vega deliveries began last week.

New Design Changes

The regular Chevrolet and full-size Chevrolet station wagons have the biggest change of any year in recent history. Chevelle has a new front end treatment. Monte Carlo gets added distinction. Nova has a larger base engine and there are refinements for the popular Camaro and Corvette models.

Chevrolet offers an unparalleled choice of station wagons for 1971—three sizes of wagons, each with a different type of tailgate.

The full-size wagons introduce a "Glide-Away" disappearing tailgate. Mid-size wagons have dual-action gates and the new small Vega Kammback has a one-piece rear window-gate that swings up for maximum accessibility.

Each of the eight car lines has special emphasis upon emissions control. Every Chevrolet car in 1971 is equipped with an Evaporative Control System (ECS) which significantly reduces fuel vapor emissions, Matthews said.

In addition, Chevrolet for 1971 has developed a Combination Emission Control (CEC) valve mounted on the carburetor which reduces exhaust emissions.

The CEC valve also improves engine operation and permits lower idle speed settings. This helps eliminate engine after-run or idling and minimizes au-

tomatic transmission creep, reduces engine noise, improves engine cooling and fuel economy.

Longer Life for Plugs

All Chevrolet engines have been designed to operate efficiently on the new no-lead or low-lead gasolines. In addition to the lower exhaust emissions attainable with this engine/fuel combination, there are benefits in longer life for spark plugs, exhaust system and other engine components.

If these no-lead, low-lead fuels are not available, any leaded gasoline with a research octane number of 91 or higher may be used.

Chevrolet in 1971 is publishing two horsepower ratings for each engine—the gross output without engine accessories and net or as-installed output of the same engine with accessories. Both horsepower ratings are shown on the accompanying specifications sheet.

The net or as-installed test method follows recommended procedure of the Society of Automotive Engineers and represents actual performance of an engine as installed in an automobile.

Sealed Batteries
All Chevrolet car lines use a sealed side-terminal battery in 1971. Because the electrical path is completely sealed, this battery eliminates corrosion at electrical terminals.

All Chevrolet engines in 1971 use slim-line spark plugs. This new plug design makes possible use of a hotter plug to provide increased resistance to fouling.
